BCP TARGET RETURN BOND 2

The BCP Target Return Bond 2 is a unique opportunity offering investors access to the performance of a well-known, market-leading fund that is managed by one of the most experienced investment teams in the industry. The Bond will track the Aviva Investors Multi-Strategy (AIMS) Target Return Fund which is focused on delivering steady long-term capital growth via a globally diversified target-return strategy.

WHAT IS MULTI-STRATEGY TARGET RETURN?

The AIMS Target Return Fund draws on the investment team's global investment expertise and has the following core objectives:

- A targeted average annual return of 5% above the European Central Bank Base Rate over any rolling three year period in all market conditions, before fees
- A focus on steady long-term capital growth with the aim of being less than half as volatile as global equities
- A global multi-strategy fund that is free from benchmark constraints

Multi-Strategy investing is different to traditional investing in many ways. While some funds deliver returns by investing in mixtures of asset classes, this fund seeks to deliver returns by identifying investment ideas and opportunities across and within asset classes. This provides the fund with many ways to reflect the team's ideas more precisely than is possible in traditional funds.

To meet the fund's objectives, the fund managers pick diverse strategies that can take views on asset classes, sectors, currencies, interest rates, inflation and volatility. The managers pick a range of strategies that are expected to work well together whether markets are rising or falling so the fund can meet its aims of delivering performance, preserving capital and managing volatility.

INVESTMENT PHILOSOPHY & PROCESS

The AIMS team is led by Euan Munro (Chief Executive Officer, Aviva Investors) and the team receives input, investment ideas and research from across all the single asset class teams of investment professionals within Aviva worldwide, based across the global investment markets.

IDEA GENERATION & PORTFOLIO CONSTRUCTION

The focus is on harvesting the excess return from traditional asset markets which the team believe offer attractive long-term returns.

These strategies aim to profit from market mispricing that may exist due to market segmentation, central bank intervention or regulatory changes.

In times of market stress, these strategies can significantly add to the portfolio's returns, while retaining a neutral to positive return in the team's central scenario over a 3-year horizon.

WHY AVIVA INVESTORS FOR MULTI-STRATEGY?

Aviva Investors is part of one of the largest financial institutions in the UK - the investment arm of Aviva plc. Aviva can trace its origins in the London insurance market back more than 300 years. When focusing on specific investment outcomes for investors it's essential to have the right resources and Aviva currently manage over €334bn across a range of asset classes. INVESTORS HAVE TWO BOND VERSIONS TO CHOOSE FROM WITHIN THIS STRUCTURE. THESE HAVE BEEN DESIGNED TO CATER FOR VARYING RISK AND RETURN REQUIREMENTS OF INDIVIDUAL INVESTORS:

BCP TARGET RETURN BOND 2 – GROWTH PLUS VERSION

At the end of the 5 year Term, the Growth Plus Version will pay 90% of the Remaining Capital (original investment amount less any withdrawals made on the Early Exit Date) invested plus 200% of the Performance achieved by the AIMS Target Return Fund over the investment term. There is no limit to the maximum return that can be earned from this Bond. If the Performance of the AIMS Target Return Fund is 40% over the term of the Bond, the return to investors will be 90% of the Remaining Capital invested plus 80% (40% x 200%) giving a Gross Return of 70%. As the 70% return in this case is above the 40% Performance Fee hurdle rate, a 2% Performance Fee will be deducted from the Gross Return and paid to BCP with a return of 68% paid to investors. This is equivalent to 13.6% per annum (CAR 10.9%) (40.1% after DIRT at 41% (CAR 7.0%)). Even if the Performance of the Fund is negative over the term of the Bond, 90% of the Remaining Capital invested will be returned.

BCP TARGET RETURN BOND 2 – GROWTH VERSION

At the end of the 5 year Term, the Growth Version will pay 95% of the Remaining Capital (original investment amount less any withdrawals made on the Early Exit Date) invested plus 100% of the Performance achieved by the AIMS Target Return Fund over the investment term. There is no limit to the maximum return that can be earned from this Bond. If the Performance of the AIMS Target Return Fund is 40% over the term of the Bond, the return to investors will be 95% of the Remaining Capital invested plus 40% (40% x 100%) giving a Gross Return of 35%. As the 35% return in this case is above the 18% Performance Fee hurdle rate, a 1% Performance Fee will be deducted from the Gross Return and paid to BCP with a return of 34% paid to investors. This is equivalent to 6.8% per annum (CAR 6.0%) (20.1% after DIRT at 41% (CAR 3.7%)). Even if the Performance of the Fund is negative over the term of the Bond, 95% of the Remaining Capital invested will be returned.

PERFORMANCE FEES

If at the end of the 5 year term the Gross Return of the Bond is between 18% and 39.99%, then a Performance Fee of 1% will be deducted from the Gross Return and paid to BCP. If at the end of the Term the Gross Return of the Bond is 40% or greater, then a Performance Fee of 2% will be paid to BCP in respect of that version. If you encash part/all of your investment at the 3 year Early Exit Date and the gross return of the Bond is between 11% and 23.99%, then a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or greater). The Performance Fee is paid in addition to the initial fee paid to BCP and your intermediary, where applicable, as described in the Key Features on page 6.

EARLY EXIT OPTION

BCP has negotiated an early exit facility whereby you may encash up to 100% of your investment on the 3rd anniversary of the Bond at its realisable value, subject to a minimum of €10,000 per Version. Capital security will not apply to this encashment. The realisable value of the capital withdrawal may be more or less than the capital secure amount, depending on whether the growth earned by the Bond is greater or less than the early exit break costs.

Warning: These figures are estimates only. They are not a reliable guide to the future performance of this investment. Warning: The figures above are provided only to illustrate how the Bond works; they should not be taken as an indication of potential returns. The return to you will depend on the version of the Bond you invest in and the actual Performance of the Fund which cannot be predicted in advance. Warning: The value of your investment may go down as well as up, you may get back less than you invest. Warning: If you encash at the 3 year Early Exit Date, capital security will not apply to the portion of your investment being encashed. The encashment amount may be more or less than the capital secure amount. Warning: If you invest in this product, at maturity you could lose 5% (Growth Version) or 10% (Growth Plus Version) of the money you invest. Warning: If you invest in this product, you will not have any access to your money for 3 years and/or 5 years. Warning: The return on your investment in this product may be affected by changes in currency exchange rates.

BCP TARGET RETURN BOND 2

KEY FEATURES

HOW DOES THE BCP TARGET RETURN BOND 2 WORK?

The product producer of the BCP Target Return Bond 2 is BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4.

Your entire investment is allocated to a 5 year Target Return Bond. At the end of the 5 year Term, the percentage performance (gain or loss) of the Fund is calculated. This performance will then be multiplied by 200% (Growth Plus Version) or 100% (Growth Version), to determine the interest to be added to the Remaining Capital secure amount in each bond version. The Growth Plus and Growth Versions offer 90% and 95% capital security respectively.

SUITABILITY | The Bond is not suitable for investors who require regular income or require access to their capital before maturity. The Bond is suitable only as a capital growth investment. The return on the Bond will depend on the Performance of the Fund and will only be determined at the end of the 5 year term. No withdrawals may be made before the Early Exit Date on 24th June 2019, or at maturity of the Bond on 24th June 2021. Your money is not invested in the Fund, therefore, you do not benefit from any dividends paid by the Fund, but you will benefit from the dividends and income earned within the Fund during the term of the Bond. In order to protect the performance of the Fund from volatility towards the end of the term, the Final Price will reflect the average price of the Fund on a monthly basis over the final 18 months of the 5 year Term. The effect of averaging is to protect returns in a falling market but conversely it may restrict growth in a rising market. A Performance Fee of 1% will be deducted if the Gross Return of a Bond Version is between 18% and 39.99% at maturity. If the Gross Return of a Bond Version is 40% or higher then a Performance Fee of 2% will be paid to BCP at maturity. If you avail of the early exit option after 3 years and the gross return of a Bond Version is between 11% and 23.99%, a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or higher). The return on your investment in this product may be affected by changes in currency exchange rates.

CAPITAL SECURITY | Capital security at maturity is provided by Investec Bank plc. (Irish Branch). In the event Investec fails to meet its liabilities, you could lose some or all of your money if your investment is not fully covered by the UK Financial Services Compensation Scheme (FSCS). See section 19 of the Terms and Conditions for further details.

WHERE DOES MY INVESTMENT IN THE BCP TARGET RETURN BOND 2 GO?

The paragraph below displays how the investment is structured for a hypothetical €10,000 investor.

GROWTH PLUS VERSION

The Growth Plus Version provides 90% capital security by placing 86.24% or €8,624 of your investment amount on deposit. This amount will grow to 90% or €9,000 by the end of the 5 year Term. The Bond offers a return of 200% of the positive Performance of the underlying Fund, less the 10% capital at risk, less any Performance Fee. 9.5% or €950 of your investment amount will be used to purchase this return. If the Performance of the Fund is negative at the end of the 5 year Term, you will receive 90% of your Remaining Capital invested. This payment represents a 10% (CAR -2.1%) loss on your investment over the period. BCP will receive a fee of 2.01% or €201 for manufacturing, distributing and administering the Bond, equivalent to 0.4% per annum. A fee of 2.25% or €225 is payable to your intermediary, equivalent to 0.45% per annum; this is payable to BCP if you do not deal with us through an intermediary. As described previously on page 4, a

Performance Fee of 1% will be paid to BCP in addition to the fees above if the Gross Return on this version of the Bond is between 18% and 39.99% at maturity. If the Gross Return on this version of the Bond is 40% or more then a Performance Fee of 2% will be paid to BCP at maturity. If you avail of the early exit option after 3 years and the gross return of the Bond is between 11% and 23.99%, a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or greater).

GROWTH VERSION

The Growth Version provides 95% capital security by placing 91.13% or €9,113 of your investment amount on deposit. This amount will grow to 95% or €9,500 by the end of the 5 year Term.

The Bond offers a return of 100% of the positive Performance of the underlying Fund, less the 5% capital at risk, less any Performance Fee. 4.75% or €475 of your investment amount will be used to purchase this return. If the Performance of the Fund is negative at the end

of the 5 year Term, you will receive 95% of your capital invested. This payment represents a 5% (CAR -1.0%) loss on your investment over the period.

BCP will receive a fee of 1.87% or €187 for manufacturing, distributing and administering the Bond, equivalent to 0.37% per annum. A fee of 2.25% or €225 is payable to your intermediary, equivalent to 0.45% per annum; this is payable to BCP if you do not deal with us through an intermediary. As described previously on page 4, a Performance Fee of 1% will be paid to BCP in addition to the fees above if the Gross Return on this version of the Bond is between 18% and 39.99% at maturity. If the Gross Return on this version of the Bond is 40% or more then a Performance Fee of 2% will be paid to BCP at maturity. If you avail of the early exit option after 3 years and the gross return of the Bond is between 11% and 23.99%, a Performance Fee of 0.6% will be deducted from the gross return and paid to BCP (1.2% if the gross return of the Bond is 24% or greater).

DO I HAVE ACCESS TO MY INVESTMENT?

You may encash your investment on the 3rd anniversary of the commencement date of the Bond (24th June 2019) at its realisable value, subject to a minimum of €10,000. As capital security is provided only at the end of the 5 year Term, the realisable value of the capital withdrawal may be more or less than the capital secure amount, depending on whether the growth earned by the Bond is greater or less than the early exit break costs. BCP will contact you in advance of the 3rd anniversary to provide an indicative exit price. You will have the option to withdraw up to 100% of your investment at its realisable value or to switch your early exit proceeds to a new investment. You have the right to cancel your application for the Bond within two weeks of the date you sign it but no later than the Closing Date.

WHAT HAPPENS IF I DIE BEFORE THE BOND MATURES?

In the event of the death of a sole investor prior to the expiry of the Term:

- the Bond may be transferred into the name(s) of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or

- the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP based on a calculation by the Bank. The redeemable amount will be calculated primarily by reference to the market value of the assets, the term to maturity, and the prevailing interest rates at the time. The amount redeemed may be more or less than the Remaining Capital secure amount.

Where the Bond is held in joint names it will, upon the death of one of the investors and upon production of such evidence of death as BCP or the Bank may require, be transferred into the name(s) of the surviving investor(s). Where an investment is made on behalf of a self-directed or self administered pension plan, in the event of death of a member prior to the expiry of the Term, the Bond may be redeemed at its realisable value as determined by BCP based on a calculation by the Bank which may be more or less than the Remaining Capital secure amount. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.

Early redemption fees may apply in the event of an early exit outside of the 3 year early exit.

WHAT ABOUT TAX?

Under current legislation, the gross interest earned on the Bond will be paid after deduction of DIRT at 41%. This will apply at maturity and will be deducted at source. However, certain non-resident investors, credit unions, charities, pensions and companies may apply to receive returns gross without deduction of tax.

The Finance Act 2007 (as amended by the Finance Act 2011), allows the operation of DIRT free accounts for investors aged 65 years or over, whose income is under €18,000 or €36,000 for married couples.

Investors should satisfy themselves in relation to Revenue reporting requirements and the implications of non-disclosure.

PRSI may be payable on deposit interest earned. PRSI does not generally apply to individuals who have reached the State retirement age. Where applicable, the current PRSI rate is 4% which is payable by the Investor in the relevant tax year.

- 7.3 Performance of the Bond Version is calculated as (Performance of the Fund x Participation) where Participation for the Growth Plus Version is 200% and Participation for the Growth Version is 100%
- 7.4 Gross Return of the Bond Version is calculated as (Performance of the Bond Version – Capital at Risk) where Capital at Risk is 10% for the Growth Plus Version and 5% for the Growth Version.
- 7.5 The Performance Fee is 1% where the Gross Return at maturity for that Bond Version is between 18% and 39.99% (i.e. the gross realisable value is between 118% and 139.99% of the Remaining Capital invested). If the Gross Return of the Bond is 40% or higher then a Performance Fee of 2% will be paid to BCP at maturity (i.e. the gross realisable value is at least 140% of the Remaining Capital invested). If you avail of the early exit option after 3 years and the gross realisable value of the amount encashed for each Bond Version is between 111% and 123.99% of the nominal amount, a Performance Fee of 0.6% will be deducted from the gross realisable value and paid to BCP at that time (1.2% if the gross realisable value is 124% or greater).
- 7.6 If the Performance of the Fund is negative, at maturity you will receive 90% of the Remaining Capital invested in the Growth Plus Version and 95% of the Remaining Capital invested in the Growth Version.
- 7.7 Should any event occur during the 5 year Term which in BCP's absolute discretion constitutes a substantial change to the Fund, force majeure or hedging disruption, BCP shall be entitled to substitute the Fund with another Fund, to unwind the Bond at the then current market value or to suspend operations of the Bond during any period in which such event continues and thereafter until the end of the 5 year Term. On suspension,

TERMS & CONDITIONS

the Bank shall arrange for the investment accrued to be placed on deposit for the aforesaid period, on terms to be agreed between BCP and the Bank at their absolute discretion. BCP will notify the investors of the occurrence of any such event in such manner as BCP deem appropriate. Neither BCP, the Bank, nor their agent(s) shall be liable for any loss howsoever suffered by the investor if there is any total or partial failure of performance resulting from any such event or any other causes beyond the control of BCP, the Bank or their agent(s).

- 7.8 Should an adjustment event occur during the 5 year Term which affects the valuation of the Fund, BCP shall be entitled, after consultation with the Bank and at its absolute discretion, to adjust any relevant terms of the Bond to preserve the economic equivalent of your investment prior to the occurrence of such event.
- 7.9 The final return will be paid after deduction of Deposit Interest Retention Tax ('DIRT') where applicable. DIRT to be deducted will be calculated in accordance with the appropriate tax legislation currently 41%. All necessary DIRT exemption documentation is required to be in place prior to interest payments.
- 7.10 No interest will be paid to you in relation to the period up to 24th June 2016.

8. MATURITY

BCP will contact you before the Bond matures to advise of repayment and reinvestment opportunities available at that time. At maturity on 24th June 2021, BCP will, following receipt of your instructions, instruct the Bank to issue and send individual customer cheques to BCP amounting to the Remaining Capital secure amount together with any Interest earned OR reinvest the proceeds as instructed. If at this time it is the Bank's policy to process maturity payments electronically, payment may be made by this method instead of by cheque. If for any reason Interest on the Bond cannot be determined by the maturity date, the Bank will pay the Remaining Capital secure amount and any Interest, 2 business days after the Interest can be determined. If you do not provide us with an instruction, matured funds will be held in your account. No interest will be paid to you on these maturity funds.

9. JOINT INVESTMENTS
