SMART STOXX KICK-OUT BOND 3

INTRODUCTION

The **BCP Smart Stoxx Kick-Out Bond 3 ("the Bond")** is a maximum 6 year investment with potential early maturity opportunities at the end of each year, with a potential fixed return of 8% gross for each year invested. The term 'Kick-Out' refers to the opportunity for the investment to mature early at one of the annual early maturity points. In the event of an early maturity, investors will receive the return of their initial capital plus a return of 8% for each year they have been invested in the Bond. The potential for the Bond to mature early and for investors to receive a return will be determined by the performance of the Euro iStoxx EWC 50 Index. There are three potential return scenarios that investors need to evaluate, each of which will be discussed in more detail in this document:

- 1) The Index is equal to or above its initial value at the end of any year from year 1 to year 6 and the investor receives their capital plus 8% return for each year invested. The maximum return is therefore $8\% \times 6 \text{ years} = 48\%$ gross, if the Bond was to continue to year 6.
- 2) The Index is not above its initial level at the end of any year, but at the end of year 6 the Index has not fallen by more than 50% from its initial level. The investor receives 100% of their capital at maturity with no gain or loss, even though the Index has fallen.
- 3) The Index is not above its initial level at the end of any year, and at the end of year 6 the Index has fallen by more than 50% from its initial level. The investors' capital is reduced by 1% for every 1% fall in the Index from its initial level.

WHY INVEST?

The BCP Smart Stoxx Kick-Out Bond 3 aims to provide a level of potential return which is far in excess of that being offered by banks or developed market government bonds. Investors have been searching for methods to generate returns that meet their requirements without taking on excessive levels of risk and BCP believe this product meets those objectives (based on historical simulations, see page 5). BCP have aimed to mitigate counterparty risk by using a strong and well known issuing bank, Societe Generale, as well as reduce the risk of capital loss by using a leading underlying index.

SOFT PROTECTION VS HARD PROTECTION

BCP have been the leading provider of 'hard' protected products in the Irish market for over 24 years. These products offer a defined level of performance participation in a fund or index over a 5 or 6 year period with a defined level of capital protection from 90% to 100%. Hard protected products are designed for the lower risk investor given the known level of capital protection, and have been the main-stay of the Irish capital secure market for a number of years.

'Soft' protected products, such as the **BCP Smart Stoxx Kick-Out Bond 3**, differ in that there is no defined level of capital protection because it can be impacted by the performance of the Index. The potential return is however defined in that investors receive a fixed return for each year they are invested, provided the Index is at or above its initial level at the end of one of the annual observation points, or at maturity.

The key benefit of high quality soft protected products is the ability to provide high levels of return in a risk-controlled manner over potentially shorter periods of time with significant downside protection. On the other hand they carry more capital risk than hard protected products and some, or all, of the invested sum can potentially be lost.

HOW DOES THE BOND WORK?

The diagram below illustrates the potential returns for investors in the Bond. This is a 6 year product with the potential for early maturity, subject to the performance of the Euro iStoxx EWC 50 Index (the 'Index').

Warning: If the Index has fallen by more than 50% from its Initial Index Level at the Final Valuation Date you will lose the same % by which the Index has fallen.

ABOUT THE INDEX

The Euro iStoxx EWC (Equal Weight Constant) 50 Index is a subset of the Euro Stoxx 50 Index. It is equally weighted and made up of the same 50 stocks of the Euro Stoxx 50, the benchmark index in the Euro zone. Its composition is therefore identical to that of the Euro Stoxx 50 and is rebalanced on the same adjustment dates. The criteria for the inclusion and exclusion of the components follows the same evaluation criteria, however unlike the Euro Stoxx 50 the component stocks are equally weighted rather than being weighted according to their market capitalisation (i.e. size). The Index is a Price return index, which reinvests dividends paid by companies within the Index and removes an annual fixed dividend (see page 8 "About the Index" for further details).

WHY IS EQUAL WEIGHTING IMPORTANT

Traditional market capitalisation weighting of stocks in an Index leads to concentration risk in the largest companies in the Index. The bigger a company gets the higher its weighting in the Index. For example the current largest 4 companies in the Euro Stoxx 50 represent around 17% of the weight of the Index which is a high concentration in a small number of companies and this can lead to higher levels of unintended risk in the Index. The Index can also therefore be overweight more expensive large cap stocks and underweight smaller cap stocks that can potentially offer better value. The table below illustrates the current concentration risk in the Euro Stoxx 50 Index which can be mitigated by utilising an equal weighted index where each stock gets the same weighting (2%) regardless of its market capitalisation.

The top 10 companies in the Euro Stoxx 50 Index represent almost 40% of its total weight.

| COMPANY | SECTOR | COUNTRY | WEIGHTING |
|----------------------|-----------------|---------|-----------|
| TOTAL | Oil & Gas | FR | 5.48% |
| SIEMENS | Industrials | GE | 4.25% |
| SANOFI | Pharmaceuticals | FR | 3.96% |
| BAYER | Pharmaceuticals | GE | 3.69% |
| SAP | Software | GE | 3.66% |
| BASF | Chemicals | GE | 3.64% |
| ANHEUSER-BUSCH INBEV | Beverages | BE | 3.44% |
| SANTANDER | Banks | SP | 3.29% |
| ALLIANZ | Insurance | GE | 3.26% |
| DAIMLER | Autos | GE | 3.20% |

INVESTMENT RATIONALE

As shown in the adjacent chart the performance of European equities (illustrated by both the Euro Stoxx 50 Index and the Euro iStoxx EWC 50 Index) since the end of the financial crisis in 2009 has been relatively sluggish. The Eurozone has not recovered as quickly as other developed markets such as the US and the UK. We believe therefore that there is further upside potential for European equities as the individual economies are finally beginning to show slow but positive growth prospects, employment is improving, the ECB quantitative easing programme is in full swing and due to the general sell-off in global and European equities over the last 18 months there now exists an attractive entry point to the market.

The chart also reflects firstly the correlation between the Euro iStoxx EWC 50 Index and the Euro Stoxx 50 Index. Equal weighting provides for better diversification while not hampering performance. Secondly the chart shows the Euro iStoxx Index has never touched the barrier of 50% of its current level. This does not mean the Index hasn't fallen 50% historically, but shows that a fall of 50% from its current level would result in a record low Index price that has not been witnessed in the last 15 years.

PAST PERFORMANCE

HOW WOULD THIS BOND HAVE PERFORMED IN THE PAST?

In order to demonstrate how the product would have performed in the past we carried out a series of tests to determine the simulated past performance, applying the exact parameters of the strategy to historic price information for rolling 6 year periods using price information dating back over the last 15 years (Starting January 1st 2001). Below are the results of that testing:

- Investors received a positive investment return 80% of the time
- Investors received return of their capital, without a gain, 20% of the time
- Investors suffered a capital loss 0% of the time
- Investors received their capital plus an 8% return in year one 57% of the time

| Observation Period | % of Simulations | Gross Return That Would Have Been Earned | Return Scenario | % of Simulations |
|---------------------------|------------------|--|--------------------------------------|------------------|
| Year 1 | 57.1% | 8% | Return greater than 100% of capital | 80.1% |
| Year 2 | 0.7% | 16% | | |
| Year 3 | 4.1% | 24% | Return of 100% of capital | 19.9% |
| Year 4 | 8.1% | 32% | | |
| Year 5 | 5.3% | 40% | Return of less than capital invested | 0.0% |
| Year 6 (Maturity of Bond) | 4.8% | 48% | | |
| Total | 80.1% | | | |

Source: BCP and Societe Generale as of December 2016.

As you can see based on the testing carried out BCP has selected an Index that has demonstrated a historically high probability of performing positively and generating a high return for investors. Utilising over 15 years of historical data it can be demonstrated that if investors had invested in this Bond in the past, they would have never suffered a capital loss, i.e. the Index was never more than 50% below the initial index level at the end of any 6 year period. BCP have constructed a product using a conservative barrier of 50% and an Index with a performance track record that illustrates its suitability as the underlying asset within the Bond.

HOW DOES THE BOND WORK?

BOND STRUCTURE

Investors in the BCP Smart Stoxx Kick-Out Bond 3 are investing in a 6 year listed security guaranteed by Societe Generale and issued by a 100% owned subsidiary of Societe Generale ('SG Issuer'). BCP Asset Management is the distributor of the Bond and Redmayne-Bentley LLP, one of the largest independent stockbrokers in the UK, will act as the Custodian of the Security on your behalf. Redmayne-Bentley LLP is authorised and regulated by the UK Financial Conduct Authority (FCA). Societe Generale has not sponsored or endorsed the Bond in any way. A security is a negotiable financial instrument issued by a company, known as the Issuer. The payment of amounts due under a security can be subject to the Issuer's financial position and ability to meet its obligation.

EARLY MATURITY (KICK-OUT):

If at the end of years 1-5 the Index is equal to or above the Initial Index Level the Bond will mature early and you will receive back 100% of your initial investment plus 8% gross return for each year invested (8% gross after year 1, 16% gross after year 2, 24% gross after year 3, 32% gross after year 4 and 40% gross after year 5). If at the end of any year the Index is not equal to or above the Initial Index Level then the Bond will continue on to the next valuation date.

MATURITY AFTER 6 YEARS:

If the Bond continues to the end of year 6, then the following will apply:

- If the Final Index Level is equal to or higher than the Initial Index Level, you will receive back your initial investment plus a gross return of 48% (8% for each of the 6 years).
- If the Final Index Level is lower than the Initial Index Level, you will receive back your initial investment with no additional return, as long as the closing level of the Index is not more than 50% below the Initial Index level.
- If the Final Index Level is lower than the Initial Index Level and the Index has fallen by more than 50% from the Initial Index Level, then your initial investment will be reduced by 1% for every 1% fall in the Index level at maturity. (i.e. If the Index falls by more than 50%, for example the Final Index Level is 60% below the Initial Index Level at the end of the term, then your initial investment will be reduced by 60%).

ILLUSTRATION OF POTENTIAL RETURNS (€100,000 INVESTED)

| Period of Time | Index Performance | Gross Investment Return | Total Gross Return Including Capital Invested |
|----------------|---|-------------------------|---|
| Year 1 | Index is equal to or above initial level and kick-out event occurs | 8% | €108,000 |
| Year 2 | Index is equal to or above initial level and kick-out event occurs | 16% | €116,000 |
| Year 3 | Index is equal to or above initial level and kick-out event occurs | 24% | €124,000 |
| Year 4 | Index is equal to or above initial level and kick-out event occurs | 32% | €132,000 |
| Year 5 | Index is equal to or above initial level and kick-out event occurs | 40% | €140,000 |
| Year 6 | Index is equal to or above initial level | 48% | €148,000 |
| Year 6 | Index is below initial level but hasn't fallen below 50% of the initial level | 0% | €100,000 |
| Year 6 | Index is below initial level and the Final Index Level is, for example, 60% below the initial level | -60% | €40,000 |

Warning: These figures are estimates only. They are not a reliable guide to the future performance of your investment. Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before 17th March 2023 you may lose some or all of the money you invest. Warning: The value of your investment may go down as well as up.

COUNTERPARTY SELECTION

Societe Generale is the guarantor of the BCP Smart Stoxx Kick-Out Bond 3. SG Issuer is the 100% owned subsidiary of Societe Generale that will act as the issuer of the product and investors will have capital exposure to the senior counterparty risk of Societe Generale. In the event of a senior debt default by Societe Generale investors capital is at risk.

Societe Generale is ultimately responsible for the payment of any return of capital and any investment return due from the Security. As a result it is imperative that a counterparty is selected with a strong and sound financial profile and high credit strength. Investors in the BCP Smart Stoxx Kick-Out Bond 3 should familiarise themselves with the counterparty risk they are exposed to and the information below provides some of the key facts and figures behind Societe Generale which led BCP to select them as the preferred Guarantor for this product:

SOCIETE GENERALE Corporate & Investment Banking

- Societe Generale is one of the largest European financial services groups with more than 146,000 employees in 66 different countries.
- Societe Generale's market capitalisation as of the 20th December 2016 was €37.9 billion.
- Societe Generale is a French credit institution (bank) authorised and supervised by the European Central Bank ('ECB') and the Autorité de Contrôle Prudentiel et de Résolution (ACPR) (the French Prudential Control and Resolution Authority), regulated by the Autorité des marchés financiers (the French financial markets regulator) (AMF) and subject to limited regulation by the Financial Conduct Authority and Prudential Regulation Authority in the UK for its activity conducted in the UK and subject to the Central Bank of Ireland's Conduct of Business Rules in the Republic of Ireland.
- Societe Generale current credit ratings as of 20th December 2016 are in the table below:

| Credit Rating | Fitch | Moody's | Standard & Poor's |
|------------------|------------|-------------|-------------------|
| Societe Generale | A (stable) | A2 (stable) | A (stable) |

- SG Issuer is a 100% owned subsidiary of Societe Generale and will act as Issuer of the BCP Smart Stoxx Kick-Out Bond 3
- The return of your invested capital and any growth due is dependent on Societe Generale paying back the amounts due under its obligations on the Security. Consequently, the investor bears a credit risk on the Guarantor. This is called Counterparty Risk or Credit Risk.
- SG Issuer is the flagship issuer of Societe Generale with over €30 billion EUR in outstanding issuances. Source: Societe Generale, as of 20th December 2016.

Warning: If Societe Generale were to default, you will lose some or all of your investment and potential return.

CREDIT RATINGS

One of the factors you may wish to take into account when reviewing a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the counterparty.

A high rating of a counterparty from one or more of the credit rating agencies is not a guarantee that the Issuer will meet its obligation to pay the amount due from the Bond. Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. A rating outlook assesses the potential direction of a long term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future credit watch action.

- Positive means that a rating may be raised.
- Negative means that a rating may be lowered.
- Stable means that a rating is not likely to change.
- Under review, either positive or negative means a rating may be raised or lowered in the short term.

All references to the credit rating are correct as at 20th December 2016. Credit ratings are subject to change during the offer period and during the term of the Bond. Ongoing information about the ratings of the Counterparty is available from BCP and we will, where appropriate, include information relating to credit ratings in your periodic valuation statements. Please refer to your financial adviser if you have any queries regarding credit ratings.

IS THIS INVESTMENT RIGHT FOR YOU?

This Bond is categorised by BCP as a medium risk product and is designed for investors who want to earn a return based on the performance of European equities.

THIS INVESTMENT MAY BE RIGHT FOR YOU IF:

- ✓ You are seeking an investment return and are prepared to risk losing some or all of your initial investment
- ✓ You understand that the return of capital is based on the performance of the Index
- ✓ You understand that capital loss can occur if the Euro iStoxx EWC 50 Index falls by more than 50% in value at maturity
- ✓ You want to benefit from the performance of the Index
- ✓ You are willing to invest for a period up to 6 years
- ✓ You are an individual, ARF/AMRF, Pension Fund, Religious Order, Charity or Corporate investor with a minimum of €20,000 or more (in increments of €1,000) to invest
- ✓ You understand that if Societe Generale was to default, you will lose some or all of your investment and potential return

THIS INVESTMENT MAY NOT BE RIGHT FOR YOU IF:

- ✗ You are not willing to risk any of your capital
- ✗ You want a regular income and dividends
- ✗ You may need immediate access to your money before maturity
- ✗ You cannot commit to the full 6 year Term
- ✗ You want a guaranteed return on your investment
- ✗ You want to add to your investment on a regular basis
- ✗ You wish to invest in products which qualify for an investor compensation scheme

Warning: Certain investments may carry a higher degree of risk than others and may therefore be unsuitable for some investors.

WHAT ARE THE RISKS INVOLVED IN THE BOND?

- **Risk of Capital Loss** – Your capital is at risk if the Index falls by more than 50% of the Initial Index Level at maturity. Your capital will be reduced by 1% for every 1% fall in the value of the Index at the end of the Bond. You may lose some, or all, of your investment amount.
- **Counterparty/Credit Risk** – Your capital is exposed to the credit risk of Societe Generale as the guarantor of the Security. If Societe Generale defaults on its senior debt obligations you may suffer partial or full capital loss.
- **Inflation Risk** – Any inflation during the term of the Bond will reduce the real value of your investment over time.
- **Investment Risk** – Should the Index increase by more than the returns provided by the Bond, you would not receive the benefit of any additional investment return above that provided by the Bond.
- **Concentration Risk** – Your investment in the Bond should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one product, or with any one counterparty.
- **Market Risk** – External factors could affect national economies, regions or an asset class and cause a fall in value of the equity markets and could influence the returns payable under the Bond.
- **Liquidity Risk** – Societe Generale aims to provide a secondary market for the Bond during the investment term. However, certain exceptional market circumstances may have a negative impact on the liquidity of the Bond and result in the partial or total loss of your initial capital invested. Extreme adverse conditions may even render the Bond entirely illiquid, which may make it impossible to sell the Bond before the Final Maturity Date. It is envisaged that investors will hold the Bond for the full 6 year term and all investors should consider the term before investing.
- **Early Redemption Risk** – If the Bond is sold before the Final Maturity Date then the value of the Bond may be less than the original investment amount and the investor may lose some or all of the invested amount.
- **Lack of Compensation Scheme Protection** – Your investment is not covered by any investor compensation schemes in the event of a default of Societe Generale.
- **Taxation Risk** – Current Irish taxation legislation does not allow for a clear categorisation of the product as being subject to Capital Gains Tax. There is a risk an alternative taxation basis may apply.

Investors should refer to the prospectus and final terms associated with this Bond before making any investment in the product. It is recommended that investors read carefully the “risk factors” section of the Bond’s prospectus. The prospectus is available on Societe Generale’s website <http://prospectus.socgen.com> and/or from BCP upon request.

Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest.
Warning: The value of your investment can go down as well as up.

TAXATION

The Bond is a listed security and all investment returns will be paid gross of tax. The current Irish legislation surrounding Capital Gains Tax (CGT) does not allow for a clear categorisation of such products as being subject to CGT. Similar products that have been marketed in Ireland for a number of years have been subject to CGT. Based on this practice and on independent taxation advice received, it is our understanding that this product should be subject to CGT. Revenue law and practice can change at any time. BCP are not tax advisers and are not offering tax advice on this product. Investors should satisfy themselves independently of the taxation treatment of the Bond in relation to reporting requirements and implications for non-disclosure for their own personal circumstances.

CHARGES

There is a total fee of 4.5% built into the terms of the Bond. 100% of your investment is allocated to the Bond and any performance returns generated are based on 100% of the invested capital, not your invested capital minus the fee. There are no annual management fees. From the total fee received, Redmayne-Bentley will receive 0.4% for custody and execution services. If you have invested via an authorised investment intermediary they will be paid a fee of 2.25%, this fee is payable to BCP if you do not deal with us through an intermediary. BCP Asset Management will receive a fee of 1.85% for the design, distribution, marketing and administration of the Bond.

DIVIDENDS & CURRENCY

No dividends are payable to investors from the stocks in the Index or from the Index itself. The Euro iStoxx EWC 50 Index is a price return index. The Index is a Euro currency index. The Bond, and any returns, generated are in Euro and will not be subject to any currency risk.

ABOUT THE INDEX

The Index is a price return index. To calculate the Index performance, dividends paid by companies comprising the Index are reinvested and a fixed dividend of 50 points is deducted from the Index level. If the real dividends paid by companies within the Index are less or more than 50 points, it may have a negative or positive effect on the relative performance of the Euro iStoxx EWC 50 Index causing it to differ from that of the Euro Stoxx 50 Index.

CAPITAL SECURITY

The BCP Smart Stoxx Kick-Out Bond 3 is not a hard capital protected product. The capital security being offered is conditional on the performance of the Index and will not apply if the Index falls by more than 50% at maturity from the Initial Index Level. The security of your capital is also dependent on the credit worthiness of Societe Generale and if Societe Generale defaults on its senior debt you may lose some or all of the capital invested and any unpaid returns.

QUESTIONS & ANSWERS

DO I HAVE ACCESS TO MY INVESTMENT?

You should only invest in this Bond if you do not need access to your money for 6 years. While there are annual early redemption opportunities to receive a coupon plus a return of your capital, this cannot be guaranteed. While the Security is a listed instrument and Societe Generale aims to provide a secondary market under normal market conditions the value will be subject to the prevailing market rate at that time and it may be less than the amount invested.

WHERE DOES MY INVESTMENT GO?

You are purchasing an SG Issuer security. BCP has appointed Redmayne-Bentley (RB) who are authorised to act as a custodian of the Security. Investor funds will be transferred from BCP to RB who in turn will transfer the funds to Societe Generale before the start date and will be held by them until the maturity of the Security or the relevant early redemption date. At the Final Maturity Date funds will be transferred from Societe Generale back to RB. BCP will advise you of the amount received and request your written instructions.

WHAT HAPPENS IF I DIE?

In the event of the death of a sole investor prior to the expiry of the Term: a) the Bond may be transferred into the name(s) of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP based on a calculation by Societe Generale. The amount redeemed may be more or less than the capital invested.

Where the Bond is held in joint names it will, upon the death of one of the investors and upon production of such evidence of death as BCP may require, be transferred into the name(s) of the surviving investor(s).

Where an investment is made on behalf of a self-directed or self-administered pension plan, in the event of death of a member prior to the expiry of the term, the Bond may be redeemed at its realisable value as determined by BCP based on a calculation by Societe Generale which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.

Early redemption fees will apply on any early exit from this investment, outside of the annual Early Maturity Dates.

2. CONFIRMATION OF IDENTITY - NEW & EXISTING CLIENTS

Further to the money laundering provisions of the Criminal Justice (Money Laundering & Terrorist Financing) Act, 2010 as amended applicants and beneficial owners must provide with their application (1) copy passport or full drivers licence certified by one of the following: Garda Síochána / Accountant / Solicitor / Notary Public / Embassy Consular Staff Member / Authorised Financial Service Provider and (2) original address verification (e.g. utility bill) dated within the last 6 months. For payments by draft please provide a second form of separate address verification. Please note this applies to existing as well as new clients. Additional documentation will be required for corporate, pension and charitable organisation applicants.

3. YOUR INVESTMENT

3.1 Prior to the Start Date your money will be held in a Client Asset Account in the name of BCP Asset Management DAC. Funds will be transferred to the Custodian before the Start Date to facilitate the purchase of your Investment. No interest will be paid to you in relation to the period up to the Start Date.

3.2 When the Custodian receives your Investment, it will allocate such monies to a custody account under your name.

3.3 The Security will be registered in the name of the Custodian, and documents of title, if any, will be kept in the custody of the Custodian. The Security will be registered collectively in the name of the Custodian and the Security held in respect of the Investment will be recorded and separately identified by the Custodian. When the Custodian purchases a Security on your behalf in accordance with these Terms and Conditions, it will always be acting as your agent, and not as the agent of the Issuer or BCP.

3.4 After the start of the Investment, following the purchase of the Security in respect of your Investment, BCP will send you written confirmation

TERMS & CONDITIONS

of your Investment. PDF statements will be made available twice a year via your crm.bcp.ie online account. Prices for BCP products will be updated at least quarterly, and available to view online. Paper statements are issued once a year in January where clients are not signed up for crm.bcp.ie.

4. CUSTOMER CATEGORY

BCP, as Lead Distributor, will treat you as a retail client for the purposes of MiFID. This means you will receive the highest level of MiFID protection. You may request to be treated as a professional client providing you meet additional criteria however, if you do so, you will lose some of the protections afforded to retail clients under MiFID.

5. AVAILABILITY

5.1 The Bond is available to individuals who are aged 18 or over investing on their own behalf, charitable/religious bodies, companies, pension funds, ARFs, AMRFs, PRBs, SSAPs and PRSAs.

5.2 The Bond may not be legally or beneficially owned, held, redeemed or exercised at any time by or transferred or pledged to any "U.S. Person".

5.3 The minimum investment is €20,000. Only denominations of €1,000 are accepted.

5.4 The closing date for applications is 24th February 2017 or earlier, if fully subscribed. BCP and/or the Custodian accept no responsibility for applications (i.e. completed application form(s) plus cleared funds and any other appropriate documentation if required) until they are physically received and accepted by them. Applications received after the 24th February 2017 may be accepted at the discretion of BCP and/or the Custodian.

6. CANCELLATION RIGHTS

6.1 You have the option to cancel your application to invest in the Bond prior to 24th February 2017. In order to cancel written notice must be received by BCP prior to 24th February 2017.

6.2 BCP reserves the right, at its sole discretion, not to proceed with this Bond at any time up to and including the Start Date. In such circumstances your Investment amount will be returned to you without interest.

7. WITHDRAWALS

The Bond is designed to be held for the full 6 year term. If you need to cash in your investment early, you may, provided another party wishes to purchase it. We cannot guarantee what its value will be at that point and it may be less than you originally invested. You will be paid the value of your investment in accordance with the prevailing market rate at that time, less any associated selling cost. A 0.5% administration charge (subject to €100 minimum) of the full realised market value of your Bond (which may be more or less than the initial amount invested) will apply to all early redemptions outside of the Early Maturity Dates. We would need to receive an instruction from you in writing to process the early encashment of your investment. In the case of joint accounts, instructions from all parties will be required.

8. RETURNS

The Bond is designed to repay your Initial Capital and deliver a return if the EURO iSTOXX EWC 50 remains at

the Initial Index Level or increases over the Investment Term. There is also potential for the Bond to 'Kick-Out' depending on the performance of the EURO iSTOXX EWC 50 i.e. if the Bond matures early, 100% of your Initial Capital plus a return will be paid out to you. The risk to your investment will be dependent on the solvency of Societe Generale as well as the performance of the EURO iSTOXX EWC 50. If at any Annual Observation date the EURO iSTOXX EWC 50 is equal to or above its Initial Index Level, the Bond will mature early (Kick-Out) with a fixed payment of 8% for each year invested, not compounded. If the Bond does not mature early (Kick-Out) and runs for the full 6 years, provided the EURO iSTOXX EWC 50 is equal to or above its Initial Index Level, the return will be 48.0% gross (8% x 6 years, CAR 6.8%). The Bond aims to return your initial Investment at maturity. However, if the EURO iSTOXX EWC 50 falls by more than 50% from the Initial Index Level to the Final Index Level, your initial capital will be reduced by 1% for every 1% fall in the EURO iSTOXX EWC 50 at the end of the Investment Term.

9. MATURITY/KICK-OUT

In the event of early kick-out or at maturity, you will have the option to access your maturity proceeds, or you may have the option to reinvest the proceeds into other products which may be available at that time. Your financial adviser or BCP will contact you before maturity or after kick-out to ask your preference. At maturity or kick-out, your proceeds will be transferred back to your account at Redmayne-Bentley and will be held by RB in accordance with the FCA Client Assets Sourcebook (CASS) rules. The relevant maturity proceeds shall be held in your account at Redmayne-Bentley without interest.

10. JOINT INVESTMENTS

Unless otherwise agreed in writing with BCP, the withdrawal of funds after kick-out and at maturity will require the consent of all account holders. Should you wish BCP to provide statements separately to each account holder or should you wish to impose any limitations on the operations of the account, please advise BCP prior to investing in this product.

11. COMPLAINTS

Any complaint about the sale of this Bond should be made to your financial adviser or the intermediary through whom you invested or BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4 if relevant. A complaint about any custody aspect of this Bond should be made to Redmayne-Bentley, 74 South Mall St, Cork. Any complaints referred to BCP relating to your Investment will be investigated thoroughly and in accordance with the BCP's Complaints Policy. Details of the Complaints Policy are available on request. If you are dissatisfied with the outcome of BCP's efforts to resolve your complaint, it is possible that you may be able to refer your complaint to the Financial Services Ombudsman or the Pensions Ombudsman, as appropriate by contacting the relevant office.

12. CONFIDENTIALITY

BCP and Redmayne-Bentley observe a strict duty of confidentiality about your financial affairs. Save at your request or with your consent, neither BCP nor

Redmayne-Bentley will disclose any details relating to your investment to anyone else other than in the following circumstances:

- to comply with a Court Order.
- to comply with a direction or request from a statutory or regulatory body entitled to such details.
- in accordance with any applicable legislation.

13. DATA PROTECTION

BCP complies with the Data Protection Acts 1988 and 2003. Redmayne-Bentley (RB) is registered with the UK Information Commissioner's Office under the UK Data Protection Act 1998. Your personal data held by BCP and Redmayne-Bentley will be maintained in accordance with the obligations of the relevant acts and subsequent legislation.

Customer Information Notice (*Non-Resident Clients*)

RB have an obligation pursuant to the S891F of the Taxes Consolidation Act, 1997 (as amended), to transmit data to the Revenue Commissioner for all Non-Resident Clients in respect of all returns paid to Non-Resident Clients including personal data held by RB.

The Revenue Commissioner may share this data with other tax authorities as part of an Automatic Exchange of Information. Further information on the Automatic Exchange of Information can be found here: <http://www.revenue.ie/en/business/aeoi/index.html>

14. CONFLICT OF INTEREST

Occasions can arise where BCP or the Custodian, or one of their clients, will have some form of interest in business which is being transacted for the Bond. If this happens, or if BCP or the Custodian becomes aware that its interests or those of one of its other clients conflict with your interests, you will be informed and asked for your written consent before any transaction is carried out. A copy of the Custodian's conflicts of interest policy can be obtained upon request from Redmayne-Bentley LLP, 9 Bond Court, Leeds LS1 2JZ. A copy of BCP's policy is available from BCP.

15. ASSIGNMENTS

Investor(s) may not transfer (either by assignment or by novation) or create any security over any or all its rights, interests and obligations in the Bond without the prior written consent of BCP and the Custodian.

16. VARIATION

BCP and the Custodian reserve the right to amend, vary or supplement these Terms & Conditions, during the Term of the Bond. This may be for one of the following reasons:

- (a) due to a change in legal, regulatory or taxation requirements to which BCP and/or the Custodian is subject, or a change in the manner in which same are applied;
- (b) to comply with an order of a court or other analogous authority;
- (c) to make the Terms & Conditions fairer to you or to correct a mistake (provided that such a correction would not adversely affect your rights);
- (d) to enable your Bond to be managed more effectively, or to provide you with additional options within your Bond. Where possible you will be notified of any changes at least 30 days in advance of changes taking effect.

17. ACCEPTANCE OF TERMS & CONDITIONS

By accepting these Terms & Conditions, you authorise the Custodian and BCP to disclose all relevant particulars of your Investment where BCP or the Custodian is required by law, regulation, court (or other arbitral) order, taxation authority or other supervisory or regulatory authority to do so.

18. DISCLAIMER

Reference within this document to particular assets or indices are included only to indicate the basis upon which the Investment return is calculated, not to indicate any association between BCP or the Issuer and the relevant asset or the relevant index provider, nor does such reference indicate any endorsement of the investment by the relevant provider. The Bond is not in any way sponsored, sold or promoted by any stock market, index, exchange or, index sponsor, and they make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of such stock market and/or the figure at which the stock market, index or exchange stands at any particular time on any particular day or otherwise. They shall not be liable (whether in negligence or otherwise) to you for any error in the relevant stock market, relevant index or related exchange and shall not be under any obligation to advise any person of any error therein. This document has been prepared in order to assist investors to make their own investment decisions and is not intended to and does not constitute personal recommendations. Specifically the information contained in this brochure should not be taken as an offer or solicitation of investment advice. Not all investments are necessarily suitable for all investors and BCP recommend that specific advice should always be sought prior to investment, based on the particular circumstances of the investor.

19. ADJUSTMENT EVENTS

Should any Market Disruption Event, Change in Law

or a Hedging Disruption Event (each an 'Adjustment Event') occur during the Term, BCP shall be entitled, after consultation with the Issuer and at its absolute discretion, (i) to change the underlying Index; (ii) to unwind the Bond at the then current market value; (iii) to suspend operations of the Bond during any period in which such event continues and thereafter until the end of the Term; (iv) to adjust any relevant terms of the Bond to preserve the economic equivalent of your investment prior to the occurrence of such Adjustment Event; or (v) to adjust the values used in the calculation of the Investment return as it deems appropriate, having regard to the Adjustment Event in question. As a result of any such Adjustment Event, the Investment return (if any) may be lower. In the event of a suspension of the Bond, the Issuer shall arrange for the investment accrued to be held on terms to be agreed between BCP and the Issuer at their absolute discretion. BCP will notify the investors of the occurrence of any such event in such manner as BCP deem appropriate. Neither BCP nor the Issuer, nor their agent(s) shall be liable for any loss howsoever suffered by the investor if there is any total or partial failure of performance resulting from any such Adjustment Event or any other causes beyond the control of BCP, the Issuer or their agent(s). Events affecting the underlying instrument(s) or hedging transactions: In order to take into account the consequences of certain events affecting the underlying instrument(s) on the product or hedging transactions, the Issuer's prospectus documentation provides for (a) mechanisms to adjust or substitute the underlying instrument(s), (b) the deduction of the increased cost of hedging from any due amount, (c) monetization and accordingly, de-indexation of the pay-off formula for all or part of the amounts payable under the product from the underlying instrument(s), and (d) the early redemption of the product. Any of these measures may result in losses on the product.

20. TELEPHONE RECORDING

For the prevention of fraud, money laundering and

the financing of terrorism and for security, training, compliance and monitoring purposes all telephone calls to and from BCP may be recorded.

21. COMMUNICATION

BCP and the Custodian will always write and speak to you in English.

22. FORCE MAJEURE

In the event of any failure, interruption or delay in the performance of its obligations resulting from the breakdown, failure or malfunction of any telecommunications or computer service, industrial disputes, failure of any third party to carry out its obligations, acts of governmental or supranational authorities, or any other event or circumstance whatsoever not reasonably within its control, BCP and/or the Custodian may be unable to fulfil its financial responsibilities in the market then your ability to realise your Investment may be restricted and BCP and/or the Custodian shall not be liable or have any responsibility of any kind for any loss or damage you incur or suffer as a result.

23. NO RESTRICTION ON INVESTMENT SERVICES

Nothing herein shall restrict BCP and/or the Custodian's right to provide investment services to others.

24. GOVERNING LAW

24.1 These Terms and Conditions and all non-contractual obligations arising out of or in connection with them shall be governed by Irish law and will become effective on acceptance by BCP of your signed Application Form.

24.2 The issue of the Security is governed by English law and your rights relating to that instrument may differ were it subject to Irish law.

24.3 If there is a conflict between these terms and conditions and the terms and conditions of the Security then the Security's Terms and Conditions shall have supremacy.
