BCP EURIBOR LINKED DEPOSIT

KEY FEATURES

HOW THE DEPOSIT GIVES YOU INTEREST RATE PROTECTION

The product producer of the BCP Euribor Linked Deposit (the "Deposit") is BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4.

Funds are placed in a 7½ year deposit account held at BNP Paribas SA Dublin Branch (the "Bank"). The Deposit Interest earned will be paid to BCP within 5 working days of 4th August each year and within 5 working days of 4th February 2025 and passed on to Depositors by BCP.

The BCP Euribor Linked Deposit offers the security of a known minimum deposit rate, plus the benefit of knowing that if interest rates increase in the future, you have the potential for a higher return.

Interest payments are the higher of 0.5% p.a. or 3 Month Euribor, paid at the end of years 1-7, with a minimum 0.25% paid out in February 2025 for the final 6 months. The minimum deposit interest payable is 0.5% p.a. and the maximum deposit interest is 1.5% p.a., investors will not benefit from any increase in the 3 Month Euribor above 1.5%.

The BCP Euribor Linked Deposit offers an attractive minimum return, with an interest rate protection feature over the term. This means that if rates increase in the future you may benefit from this.

■ The Euribor rates are based on the interest rates at which a panel of European banks are prepared to lend to funds from one another for a specific period of time.

— For example the 3 Month Euribor is the average interbank interest rate at which a panel of European banks are prepared to lend to one another for this term.

■ Examples of Interest payments for different fixings of 3 Month Euribor

The figures used in this example are given for purely indicative purposes, the objective is to describe the mechanism of the product. It allows an understanding of how the product would perform at different market stages, but is no guarantee as to future returns and has no contractual value.

3 Month Euribor	Examples of Interest payments* in the relevant year
-0.5%	0.5% p.a.
0.5%	0.5% p.a.
1.5%	1.5% p.a.
2.5%	1.5% p.a.

*The Interest payments are paid at the end of years 1-7 with the final interest payment in February 2025, 30/360, using a Modified Following Business Day convention.

Warning: These figures are estimates only. They are not a reliable guide to the future performance of your investment.
