INTRODUCTION

The **BCP Film Finance Scheme 4 (the 'Scheme')** offers investors an opportunity to participate in Ireland's flourishing film and TV sector with an attractive targeted return of 5% to 6% a year (net of all fees and charges). The Scheme will provide short term finance to medium sized Film and TV projects which meet strict criteria. Underlying investment opportunities are introduced by a leading international firm with an exceptional track record in Film and TV projects. The BCP Film Finance Schemes have paid out coupons of 33.88% (CAR 4.3%) over their seven years since inception.

BCP AND FILM FINANCE SCHEMES

BCP Asset Management has over €3bn of Assets under Management and has been offering investments solutions for over 50 years. BCP's conservative and disciplined approach to investment management has protected investors through numerous downturns.

BCP identified the Film & TV sector as an area for structural growth over a decade

ago, and by working with specialist advisors in this sector, it has developed into a core area of investment expertise for the firm. As a result, BCP now has a strong 12 year track record in successfully financing Film & TV projects.

THE IRISH FILM AND TELEVISION INDUSTRY

Ireland's film and television industry has been one of the success stories of the last decade. The sector has been recognised as strategically important by successive Governments with a stated objective to develop Ireland as a centre of excellence in media production through the development of the film, TV and animation sector.

The commercial and critical acclaim of high profile productions such as *The Favourite*, *Brooklyn*, *Room*, *Star Wars*, *Normal People*, *The Tudors*, *Vikings* and *Game of Thrones*, to name but a few, show the quality of productions emerging from Ireland. These projects highlight, and further enhance, our reputation as a talent pool and commercially friendly place to develop content.

The industry infrastructure has also grown steadily to support the increased output. Ireland is now home to six film studios across Dublin, Galway, Limerick and Wicklow; 24 animation studios and over 22 post production studios. Infrastructural investment continues with

planning permission having been granted for a new €150 million film studio and media campus near Greystones, Co. Wicklow backed by the Ireland Strategic Infrastructure Fund as well as a €20 million studio in Wexford.

In 2016 the audiovisual sector contributed €1.05 billion in gross added value to the economy and supported 16,930 jobs. The Government's target under the Creative Ireland Programme is to grow gross added value to €1.4 billion and increase numbers employed by the sector to 24,000*.

This ambition is backed by generous financial support through both the S481 tax credit scheme and direct funding of TG4, Screen Ireland, RTE and Broadcast Authority of Ireland Sound and Vision Fund.

Warning: Past performance is not a reliable guide to future performance.

CAR is Compound Annual Return.

S481 TAX CREDIT SCHEME

The Irish Government has been incentivising investment in TV and film production for decades. The current incentive scheme was introduced in 2015 and is commonly referred to as Section 481 Relief.

The incentive allows qualifying Producer Companies claim a generous tax credit on qualifying expenditure provided they meet certain criteria. In addition to supporting the general domestic TV and film industry, the S481 also has a core purpose to create a cultural dividend for the State.

Section 481 Relief supports four categories of production – Creative Documentary, Feature Film, Television Drama and Animation. In 2019, 124 projects applied for a total of €111 million in film tax credit. The combined global budget of these productions was €761 million, of which €358 million (47%) was planned spending in the Irish economy.

Section 481 Relief has been renewed until 2024 and the Government has indicated its intention to remain committed to the tax credit beyond this date.

CONTENT DEMAND

The number of media outlets requiring content has grown steadily over the last number of years. The entry of streaming services into the market has not only increased content demand but also caused a structural shift in the way content is financed. More and more projects are being pre-sold to streaming services such as NetFlix, Apple TV and

Amazon Prime. This de-risks project sales and drives the delivery of higher quality professional content.

SECTOR EXPERTISE

As previously mentioned, BCP identified the Film & TV sector as an area for structural growth over a decade ago and has developed this as a core area of investment expertise for the firm.

The Irish Film & Television industry is a very specialised sector and we have been working in partnership with the Saffery Champness Media Team (formerly of Grant Thornton) since the launch of the first innovative BCP Film Finance Scheme in 2015.

The Saffery Champness film and TV Team are the leading providers of financial and advisory services to the global audiovisual sector. The firm's team of 75 people including 10 Film and TV partners with combined experience of over 180 years in the sector have advised on over 2,000 projects in the last 20 years. Saffery Champness was founded in 1855, over 165 years ago.

PROJECTS

The Film Finance Scheme provides short term, flexible loan facilities to fully funded film & television productions to assist them through the various stages of production. This requires a high degree of interaction between Saffery Champness, the scheme adviser, and project production teams. From initial assessment of business plans, to ensuring appropriate collateral is in place and where necessary extending, or early redemption of, facilities.

BCP has provided finance to over 60 projects to date, a number of which have been award winning and most of which are currently available on leading subscription platforms and channels including Netflix, Apple TV, Amazon Prime, Disney, RTE and Virgin.

To date none of the projects financed through BCP Film Finance Schemes have defaulted on repaying capital advanced.

As the Irish film and television sector goes from strength to strength, and subscription platforms become more influential, we have seen the quality of projects improve and so too the size of loan facilities extended.

Wolfwalkers a high profile project funded by the BCP Film Finance Scheme to hit the screens, is a good example of this.

Wolfwalkers, is an animated fantasy adventure feature, directed by Oscar nominated Tomm Moore and Ross Stewart which was released to critical acclaim in October 2020. It is the third instalment of Moore's "Irish Folklore Trilogy". Wolfwalkers, along with the first two instalments "The Secret of Kells" and "The Song of the Sea", all received Oscar nominations for Best Animated Feature.

It was produced by Kilkenny based Cartoon Saloon which is a four-time Academy Award®, Golden Globe®, BAFTA and Emmy nominated animation studio.

Wolfwalkers had a limited theatre release due to COVID restrictions, but the project had already secured financial certainty through a pre-sale with Apple TV where it premiered in December 2020. It was nominated for Best Animation Film at the 2021 Global Globe® Awards and at the 2021 Oscar Academy Awards.

The BCP Film Finance Scheme provided finance of €2,000,000 to Wolfwalkers during its production.

The animation sector is particularly strong in Ireland and an area the Scheme is very active in. The BCP Film Finance Scheme has successfully funded other animated projects such as "Odo" (Channel 5, RTE, €2,300,000 finance), "Pete the Cat" (Amazon Prime, €1,000,000 finance) and "Dorg Van Dango" (RTE/Nickelodeon, €800,000 finance).

Outside of animation, other notable BCP financed projects include Brain on Fire, The Kings Choice, Black 47, Close, Young Offenders, Can't Cope Won't Cope, Hole in the Ground, Gaza, Darklands and Klondike.

Due to the short term nature of film financing it is important to have a continuous pipeline of new projects to replace those coming out of production. BCP and Saffery Champness have a pipeline of over €5,000,000 in potential new projects which meet our criteria and require funding.

BCP FILM FINANCE SCHEME 4

The BCP Film Finance Scheme 4 aims to build on the success of previous schemes by providing strategic lending to fully financed film and television projects in Ireland and the UK. The returns to Investors will be based upon the returns earned and the cashflows of the Scheme. The level of returns payable will be determined by BCP. The targeted return is 5% to 6% a year on average. The return of your investment at maturity (and early encashment where applicable) is subject to the borrowers' ability to repay the amounts borrowed.

Two versions:

Income version – Investors will be paid an annual coupon based upon the returns earned and the cashflows of the Scheme. The targeted pay out is 5% – 6% per annum net of all fees. Please note that this is not guaranteed.

Accumulation version – Investors will be paid a return at maturity based upon the returns earned and the cashflows of the Scheme. The targeted return is 5% – 6% per annum net of all fees. Please note that this is not guaranteed.

BCP and Saffery Champness have established a robust, multi-layered investment process with strict investment criteria. This is specifically designed to reduce risk to investors and includes the following:

- Projects must be fully funded
- Production companies must have a strong and proven track record
- Projects must be proposed by Saffery Champness Media Team and approved by BCP
- Maximum loan for any one project is €3.0 million
- Maximum loan term is 24 months
- Minimum loan interest is 8% a year

mandate. These providers will include the provision of appropriate lending opportunities, independent audit and legal opinion where required.

PROFESSIONAL FINANCIAL ADVICE

Before committing to this investment, it is important that investors should consult their professional, financial and taxation advisors, and have regard to the risks involved, their own financial

circumstances and their tax position. Please also note that interest rates, current tax and pensions legislation may change during the term of the investment.

KEY RISKS

RISK	RISK MANAGEMENT
Production is not completed	A full review of all insurances which are in place is carried out in advance of any loan facility being offered. Ongoing monitoring of each project will also be undertaken, with the power to replace production personnel if required.
Loan Not Repaid at Redemption date	Loan security enforced and the Finance Scheme either takes ownership of the distribution rights, the bank account attaching to the production or an assignment over the contractual payment from the purchasing network.
Number of Projects available not sufficient to generate the required return	BCP and Saffery Champness have a pipeline of borrowing requirements. It is expected that loan demand will continue sufficiently in order to achieve the target return of 5% – 6% per annum.
Security over Capital Sum	Funds are held in client accounts within BCP.
Available cash maybe insufficient to meet early exit request	A 3-month notice is required for any early exit request after 12 months to allow BCP to raise funds from new investors.

Warning: The BCP Film Finance Scheme 4 is not regulated by the Central Bank of Ireland and as such it does not benefit from any investor compensation Scheme nor the Central Bank of Ireland's Client Asset Regulations. Whilst a complaint may be referred to the Financial Services and Pensions Ombudsman ('FSPO') as the product is unregulated there is no guarantee the FSPO will be able to accept it.
