Funds are placed in a fixed term deposit account at Societe Generale (the "Bank"), in the name of BCP. This account is a pooled Client Asset account in the name of BCP. The Deposit Interest

earned will be paid to BCP on 29th June each year and passed on to Depositors by BCP. If the 29th is not a business day, the interest is paid to BCP on the following business day.

Warning: If you withdraw before 29th June 2026, capital security will not apply to the portion of your investment being withdrawn. The withdrawal value may be more or less than the capital secure amount and you may lose some or all of the money you invest. Liquidity is only available in normal market and funding conditions. Warning: If Societe Generale were to default, you could lose some or all of your investment and potential interest. Warning: Your investment is not covered by any Deposit Guarantee Scheme.

DO I HAVE ACCESS TO MY INVESTMENT?

Societe Generale will provide liquidity during the investment term, subject to it being satisfied that normal market and funding conditions prevail. There is no guarantee liquidity will be available at the time you wish to withdraw.

Societe Generale will determine the market value of the early withdrawal in a commercially reasonable manner, taking into account any costs incurred by Societe Generale as a result of the early withdrawal. The market value may be more or less than the capital protected amount and is subject to a minimum withdrawal amount equal to €50,000.

Deductions for fees and charges are not made uniformly throughout the life of

the Deposit, but are loaded onto the early period. If you withdraw from the Deposit in the early period this will impact on the value you will receive. The Deposit provides 100% capital security at maturity, if a withdrawal is processed before the maturity date capital security does not apply.

A 0.25% (or €625 for a withdrawal of €250,000) administration charge (subject to €250 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the capital secure amount) of any early withdrawal from this investment.

WHAT ABOUT TAX?

As provided for in the Finance Act 2016, the rate of DIRT applying to the gross interest earned on the Deposit from 2023 onwards will be 33%, where applicable. Irish resident corporate investors will be taxable on any Interest earned at 25%. Tax exempt investors including Credit Unions, Religious Orders, Charities, Pensions, and Friendly Societies, will be paid gross and will not be subject to tax on any interest earned.

Personal and Corporate investors will receive interest gross without deduction of tax but will have to pay any tax due via their tax returns. The Bank is not offering (and has not provided) any tax or accounting or other advice in respect of the Deposit to BCP or depositors. Depositors should satisfy themselves in relation to Revenue reporting requirements and the implications of non-disclosure.

WHERE DOES MY INVESTMENT IN THE BCP / SOCIETE GENERALE 3.20% AER 3 YEAR DEPOSIT GO?

The paragraph below displays how the investment is structured for a hypothetical €250,000 investor. The BCP / Societe Generale 3.20% AER 3 Year Deposit provides 100% Deposit Performance by placing 100% or €250,000 of your investment amount on deposit. This amount will remain at 100% or €250,000 throughout the 3 Year Term. This Deposit offers fixed deposit interest of 3.20% at the end of years 1 to 3. BCP will receive an initial fee of 1.10% or €2,750 for the regulatory costs, distribution, marketing and administration of the Deposit throughout the 3 Year term equivalent to 0.37% per annum. An initial fee of 0.60% or €1,500 is payable to your

intermediary equivalent to 0.20% per annum for the 3 Year term; this is payable to BCP if you do not deal with us through an intermediary. In addition to this commission we may receive from or provide to our counterparties and/or intermediaries minor non-monetary benefits which may arise in the normal course of business (e.g. attendance at training, conferences or off-site meetings that may include a minor sustenance). No charges or fees are taken away from your Deposit or your maturity payment, and there are no annual management charges, so any returns are based upon the full amount you place into the Deposit.

NO COOLING OFF PERIOD

You have no right to cancel your application to invest in the Deposit once your signed application is received by BCP. This is regardless of whether BCP has received funds at that time or not and regardless of whether the original application has been received or it is

received in electronic form. If BCP has not received funds with the application, you are obliged to send the funds to BCP by the closing date. A cooling off will apply if your investment is subject to the provisions of the Distance Marketing Regulations.

IMPORTANT NOTE: Investments will be held by the Bank as deposits in a client asset account in the name of BCP. In the event of any failure by the Bank to meet its liabilities, as investors are not customers of the Bank, BCP will seek the return of funds on behalf of investors. Investors must deal directly with BCP in this instance.

Warning: If you withdraw before 29th June 2026, capital security will not apply to the portion of your investment being withdrawn. The withdrawal value may be more or less than the capital secure amount and you may lose some or all of the money you invest. Liquidity is only available in normal market and funding conditions. Warning: If Societe Generale were to default, you could lose some or all of your investment and potential interest. Warning: Your investment is not covered by any Deposit Guarantee Scheme.

WHAT ARE THE RISKS INVOLVED IN THE DEPOSIT?

COUNTERPARTY/ CREDIT RISK

Your capital is exposed to the credit risk of Societe Generale. In the event that Societe Generale fails to meet its liabilities, you could lose some or all of

your investment and potential interest. The Deposit is not covered by the Deposit Guarantee Scheme (DGS).

CONCENTRATION RISK

Your investment in the Deposit should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the

money you have available for investment into any one product, or with any one counterparty.

LIQUIDITY RISK

Societe Generale aims to provide liquidity during the investment term, however, certain exceptional market and funding circumstances may have a negative impact on the Bank's ability to provide liquidity. Extreme adverse conditions may even render the Deposit

entirely illiquid, which may make it impossible to withdraw before the maturity date. It is envisaged that investors will hold the Deposit for the full 3 year term and all investors should consider the term before investing.

EARLY WITHDRAWAL RISK

If the Deposit is withdrawn before the maturity date then the value of the Deposit may be less than the capital secure amount and the investor may

lose some or all of the invested amount. An administration charge will apply to an early withdrawal.

INFLATION RISK

Any inflation during the term of the Deposit will reduce the real value of your investment over time.
