WARNING: The value of your investment may go down as well as up. You may get back less than you invest in any Growth Version.

WARNING: If you invest in a Growth Version you could lose 5% or 10% of the money you invest.

WARNING: Past performance is not a reliable guide to future performance.

IMPORTANT: The above performance figures are not indicative of the returns that may be earned on the maturity of new bonds offered. The performance of each Bond shown above is calculated by multiplying the performance of the underlying asset by the participation rate and adding this to the capital secure amount. The bonds shown in the performance table have differing maximum growth limits, capital security (100%, 95% or 90%), terms to maturity, and track different baskets of shares, funds and indices. Past performance is not a reliable guide to future performance. Performance figures above are stated gross of Deposit Interest Retention Tax ('DIRT'), which is deducted where applicable.
