INTRODUCTION

ABOUT THE INDEX

The underlying Index in this Bond is a World Equity Index consisting of 40 companies that have been independently rated based on their Environmental impact.

The Index is equal-weighted meaning each company in the Index is assigned an equal weight, rather than the size or the performance of the company determining its weight in the Index.

The index consists of the 20 companies with the highest Environmental rating among the 200 largest companies in North America, as well as the 20 companies with the highest Environmental rating among the 200 largest companies in Europe. The composition of the index is reviewed annually, with a reweighting of components on a quarterly basis.

KEY FEATURES OF THE INDEX

1. INDEX UNIVERSE

The universe the Index can select from is a combination of the largest 200 North American and largest 200 European companies.

2. INDEX SELECTION

The 40 companies with the best Environmental score as assessed by CDP, an international non-profit organisation.

3. WEIGHTING

Each of the 40 companies, 20 North American and 20 European, receives an equal weight.

4. REBALANCING

The composition of the index is reviewed annually, with a reweighting of components, back to equal weight, on a quarterly basis.

5. CURRENCY

The base currency of the index is Euro. Share prices that are quoted in currencies other than Euro will be converted to the base currency using the last known exchange rate observed on Reuters. Closing prices will be converted based on the most recent spot rates, which are published each business day.

6. THE DECREMENT:

The Index performance is net of a fixed annual dividend of 5% which is removed before calculating the final performance on a daily basis. The Index reinvests dividends paid by companies in the Index and removes an annual fixed dividend of 5%. This fixed dividend may be higher than the actual dividends paid by the companies in the Index and can act as a relative drag on the performance of the Index in this situation.

Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest. Warning: The value of your investment can go down as well as up. Warning: Past performance is not a reliable guide to future performance.

PAST PERFORMANCE OF THE INDEX

The Index was officially launched February 22nd 2019 but there is a simulated track record of Index performance dating back to the start of 2006 which allows us to provide an accurate record of simulated past performance dating back over 14 years using the same Index rules and parameters. Due to the 50/50 North American and European weighting of the Index, there is a relatively strong correlation between the performance of the Index and the performance of the MSCI World Index, which is seen as the benchmark for Global equity performance, so we have shown the respective returns for both Indices.

Global equity markets, and in particular the US, exhibited strong levels of growth from the financial crisis in 2008/09 up to the start of 2020, prior to the global sell off caused by the Coronavirus pandemic. BCP believe in this uncertain and volatile market an investment

strategy with fixed annual returns combined with defensive features designed to significantly reduce the risk of capital loss, is an efficient way for investors to combine a fixed return investment strategy with high levels of risk management.

It is important to remember that regardless of the performance of the Index, the Bond will pay 3.75% fixed return to investors each year. The performance of the Index is only relevant to the risk of capital loss at the end of the Term of the Bond where capital will be lost if the Index has fallen more than 40% at maturity. In the below chart the red line indicates a point that is 40% below the value of the Index on February 28th 2020. This is to illustrate how far the Index would have to fall in 7 years' time for capital to be lost, assuming the starting point was February 28th 2020.

	10 YEARS	5 YEARS	3 YEARS	1 YEAR
Euronext CDP Environment World Index	79.4%	-2.8%	-6.8%	-4.7%
MSCI World Index	88.9%	20.7%	16.4%	2.7%

ANALYSING THE INDEX IN MORE DETAIL

Below we have illustrated the current composition of the Index by country and by sector. As you can see the Index is broadly diversified across the major developed world economies and industry sectors providing access to a range of potential drivers of investment growth.

ENVIRONMENTAL FOCUS OF THE INDEX

ESG (Environmental, Social and Governance) are central topics of global news flow. More particularly, the Environment which is one of the key concerns in the development of the global economy and is evidenced by many government initiatives, political summits and international agreements.

For the purposes of this Index the focus is on companies that are successfully managing their impact on three key Environmental areas:

- Greenhouse gas emissions, that are dramatically impacting our **Climate**
- The **Water** supply, which has been identified as the greatest scarcity issue facing our planet in the years ahead
- **Forests**, where degradation and deforestation is increasing carbon emission and damaging air quality

CDP (formerly 'Carbon Disclosure Project') is an independent international non-profit organisation that drives companies and governments to reduce emissions, safeguard water resources and protect forests

- Over 100 states and regions in the world measure their environmental impact through CDP
- Over 6,300 companies respond to CDP Climate, Water and Forest supply chain questionnaires annually

ENVIRONMENTAL FOCUS OF THE INDEX

(continued)

3 KEY PILLARS OF CDP

- CDP asks companies, cities, states and regions for data on their environmental performance, climate risk management, deforestation and growing water scarcity
- CDP transforms that data into detailed analysis on critical environmental risks, opportunities and impacts, and grades the company accordingly
- Investors, businesses and policy makers use CDP data and insights to make better decisions, manage risk and capitalise on opportunities.

ILLUSTRATION OF POTENTIAL RETURN SCENARIOS FOR INVESTORS

As per the below illustration, investors will receive the full fixed income regardless of the Index performance scenario. This income is paid out annually but illustrated below as a cumulative return at maturity. Where the Index has fallen below the 40% capital at risk barrier there will be a loss of capital; however, this loss of capital in these scenarios is mitigated somewhat by the fixed income received. In all other scenarios the investor receives the full return of capital plus the full fixed income amount.

AMOUNT INVESTED	INDEX PERFORMANCE	PROPORTION OF CAPITAL RETURNED TO INVESTOR	FIXED INCOME PAID TO INVESTOR	TOTAL RETURN FOR INVESTOR AT MATURITY	TOTAL € GAIN OR LOSS FOR INVESTOR

HOW DOES THE BOND WORK?

BOND STRUCTURE

Investors in the BCP Income Bond 4 are investing in a 7 year Certificate issued by Goldman Sachs Finance Corp International (GSFCI) which is a subsidiary of The Goldman Sachs Group (GSG). BCP Asset Management is the distributor of the Bond and European Depositary Bank SA, Dublin Branch, will act as the Custodian of the Certificate on your behalf. A custody account will be set up in the name of BCP, who will hold the Certificate on behalf of investors at European Depositary Bank

SA, Dublin Branch. European Depositary Bank SA, Dublin Branch is supervised by the Commission de Surveillance du Secteur Financier (CSSF) in Luxembourg and is regulated by the Central Bank of Ireland for conduct of business rules. Goldman Sachs Finance Corp International has not sponsored or endorsed the Bond in any way.

MATURITY AFTER 7 YEARS

The Certificate is issued by Goldman Sachs Finance Corp International and guaranteed by the Goldman Sachs Group (GSG). Investor funds will be transferred from BCP to the Custodian and funds will be transferred to GSFCI before the Start Date.

At the Final Maturity Date funds will be transferred back to the Custodian who in turn will return the funds to BCP. BCP will advise you of the amount received and request your written instructions.

→ If the Final Index Level has fallen by more than 40% from the Initial Index Level, then your initial investment will be reduced by 1% for every 1% fall in the Index level at maturity. (i.e. If the Index falls by more than 40%, for example the Final Index Level is 60% below the Initial Index Level at the

end of the term, then your initial investment will be reduced by 60%, as if you held the Index directly).

→ The payment of the gross income of 3.75% at the end of each year is not impacted by the performance of the underlying Index.

SIMULATED PAST PERFORMANCE

In order to demonstrate how the product would have performed in the past we carried out a series of tests to determine the simulated past performance, applying the exact parameters of the strategy to historic and simulated price information for rolling 7 year periods. The data on the

Index goes back to December 2005 and there are therefore 1,870 observable simulations between December 2005 and February 2013 to analyse as the simulation needs to run for the full 7 year term before it can be included in the below analysis.

SIMULATED RETURNS USING THE EURONEXT® CDP ENVIRONMENT WORLD EW DECREMENT 5% (THE 'INDEX')

- Investors suffered a capital loss 0% of the time.
- Investors received the full 26.25% fixed return (paid annually) 100% of the time.

Warning: Simulated past performance is not a reliable guide to future performance

Source: The Goldman Sachs Group (GSG) as of March 2020. Backtested and simulated performance is for illustrative purposes only. Past and simulated performance is not a reliable indicator of future returns. There is no guarantee that the strategy will operate in a manner consistent with past performance and simulated analysis. Performance is shown net of fees and gross of tax. The Goldman Sachs Group (GSG) provides no assurance or guarantee that the product will operate or would have operated in the past in a manner consistent with the above backtesting analysis.

IN SUMMARY

The Bond is an equity based investment strategy that is focused on some of the most environmentally responsible companies in the world and pays an income of 3.75% at the end of each year along with significant capital protection features. Investors are receiving exposure to fixed annual income in a risk controlled strategy.

The Bond:

- Is focused on 20 North American companies and 20 European companies with the highest Environmental ratings
- Will pay an annual income of 3.75% regardless of underlying index performance
- Will protect investor's capital at maturity up to a 40% fall in the index value. After which point investors will lose 1% for every 1% fall in the Index.

Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest. Warning: The value of your investment can go down as well as up. Warning: Past performance is not a reliable guide to future performance.

WHAT ARE THE RISKS INVOLVED IN THE BOND?

-
- **Risk of Capital Loss** – Your capital is at risk if the Index falls by more than 40% of the Initial Index Level at maturity. Your capital will be reduced by 1% for every 1% fall in the value of the Index at the end of the Bond. You may lose some, or all, of your investment amount. Any capital loss will be reduced by the income of 26.25% paid to you.
-
- **Counterparty/Credit Risk** – Your capital is exposed to the credit risk of The Goldman Sachs Group as the guarantor of the Certificate. If The Goldman Sachs Group defaults on its senior debt obligations you may suffer partial or full capital loss and potential return.
- Your investment in the Certificate ('the instrument'/'the security') with The Goldman Sachs Group ('the institution') is subject to the Bank Recovery and Resolution Directive. Below we provide some information on the potential treatment of investments in resolution or insolvency.
- the instrument is unsecured and therefore subject to the resolution regime or normal insolvency if the institution fails;
 - the impact of the institution's failure on investors depends crucially on the ranking of the liability in the insolvency creditor hierarchy (which may have changed because of the introduction of depositor preference), on the amount of losses incurred and on the resolution strategy applied;
 - in the event of resolution:
 - the outstanding amount may be reduced to zero or the security may be converted into ordinary shares or other instruments of ownership for the purpose of stabilisation and loss absorption;
 - a transfer of assets to a bridge bank or in a sale of business may limit the capacity of the institution to meet repayment obligations, or may result in partial losses or no losses if the relevant liabilities are also transferred;
 - the maturity of instruments or the interest rate under these instruments can be altered and the payments may be suspended for a certain period;
 - the liquidity of the secondary market in any unsecured debt instruments may be sensitive to events in financial markets;
 - existing liquidity arrangements (for example repurchase agreements by the issuing institution) might not protect clients from having to sell these instruments at a substantial discount below their principal amount, in the event of financial distress of the issuing institution;
 - liability holders have a right to compensation if the treatment they receive in resolution is less favourable than the treatment they would have received under normal insolvency proceedings (as a consequence of the application of the 'no creditor worse off' principle). This assessment must be based on an independent valuation of the institution. Compensation payments, if any, may be considerably later than contractual payment dates (in the same way that there may be a delay in recovering value in the event of an insolvency), although resolution, in principle, preserves value compared with insolvency.
-
- **Inflation Risk** – Any inflation during the term of the Bond will reduce the real value of your investment over time.
-
- **Concentration Risk** – Your investment in the Bond should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one product, or with any one counterparty.
-
- **Market Risk** – External factors could affect national economies, regions or an asset class and cause a fall in value of the equity markets and could influence the return of capital at maturity.
-
- **Liquidity Risk** – There may be no market for this Security. An investor must be prepared to hold it until the Maturity Date. Goldman Sachs International (GSI) may, but is not obliged to, make a market. If it does, it may cease at any time without notice.
-

WHAT ARE THE RISKS INVOLVED IN THE BOND?

(continued)

- **Secondary Market Risks** – Goldman Sachs International intends, under normal market conditions, to provide bid and offer prices for this Bond on a regular basis. However, Goldman Sachs International makes no firm commitment to provide liquidity by means of bid and offer prices for this Bond, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. Potential Investors therefore should not rely on the ability to sell this Bond at a specific time or at a specific price. In special market situations, where the Issuer is completely unable to enter into hedging transactions, or where such transactions are very difficult to enter into, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks of the Issuer. In the event of a repurchase of your investment by Goldman Sachs Finance Corp International (GSFCI), the costs and charges will be equal to the difference between the fair value of your investment as determined by GSFCI and the price at which GSFCI actually buys the product.
- **Early Redemption Risk** – If the Bond is sold before the Final Maturity Date then the value of the Bond may be less than the original investment amount and the investor may lose some or all of the invested amount.
- **Lack of Compensation Scheme Protection** – Your investment is not covered by any investor compensation schemes in the event of a default of The Goldman Sachs Group (GSG).
- **Taxation Risk** – Current Irish taxation legislation does not allow for a clear categorisation of the product as being subject to Income Tax. There is a risk an alternative taxation basis may apply.

Investors should refer to the prospectus and final terms associated with this Bond before making any investment in the product. It is recommended that investors read carefully the “risk factors” section of the Bond’s prospectus.

Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest. Warning: The value of your investment can go down as well as up.

COUNTERPARTY SELECTION

The Goldman Sachs Group (GSG) is the guarantor of the Issuer of the Certificate. The Issuer is Goldman Sachs Finance Corp International (GSFCI), which is a 100% owned subsidiary of GSG and the Certificate issued by GSFCI has an irrevocable and unconditional guarantee from GSG. Investors in this Bond will have capital exposure to the senior counterparty risk of GSG. In the event of a senior debt default by GSG investors capital is at risk.

Goldman Sachs is ultimately responsible for the payment of any return of capital

and any investment return due from the Certificate. As a result it is imperative that the counterparty has a strong and sound financial profile and high credit strength. Investors in the Bond should familiarise themselves with the counterparty risk they are exposed to and the information below provides some of the key facts and figures behind Goldman Sachs which led BCP to select them as the preferred counterparty for this product.

THE GOLDMAN SACHS GROUP

→ The Goldman Sachs Group, Inc. is a leading global investment banking, securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and individuals. Founded in 1869, the firm is headquartered in New York and maintains offices in all major financial centres around the world

→ As of September 2019, Goldman Sachs employed 37,800 employees worldwide, and currently has a market capitalisation of over €78bn

→ Goldman Sachs current credit ratings are in the table below:

CREDIT RATING	FITCH	MOODY'S	S&P
The Goldman Sachs Group	A	A3	BBB+
Outlook	Stable	Stable	Stable

Source: Bloomberg as of March 2020.

Warning: If The Goldman Sachs Group were to default, you will lose some or all of your investment and potential return.

→ GSFCI is a 100% owned subsidiary of GSG and will act as Issuer of the Certificate.

→ The return of your capital secure amount and gross income payments are dependent on GSFCI paying back

the amounts due under its obligation on the Certificate. Ultimately, the investor bears a credit risk on GSG as the guarantor of GSFCI. This is called Counterparty Risk or Credit Risk.

CREDIT RATINGS

One of the factors you may wish to take into account when reviewing a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the counterparty.

A high rating of a counterparty from one or more of the credit rating agencies is not a guarantee that the Issuer will meet its obligation to pay the amount due from the Bond. Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along

with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. A rating outlook assesses the potential direction of a long term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future credit watch action.

COUNTERPARTY SELECTION (CONT.)

→ **POSITIVE** means that a rating may be raised.

→ **NEGATIVE** means that a rating may be lowered

→ **STABLE** means that a rating is not likely to change

→ **UNDER REVIEW**, either positive or negative means a rating may be raised or lowered in the short term.

All references to the credit rating are correct as at March 2020. Credit ratings are subject to change during the offer period and during the term of the Bond. Ongoing information about the

ratings of the Counterparty is available from BCP. Please refer to your financial adviser if you have any queries regarding credit ratings.

TARGET MARKET ASSESSMENT / IS THIS BOND RIGHT FOR YOU?

This Bond is categorised by BCP as a medium risk product and is designed for investors who want an annual income and are comfortable with conditional capital security at maturity. BCP have designed this Bond with specific investors in mind, defined as the 'Target

Market'. When considering an investment you should review the below criteria to assist in determining if this investment is right for your own particular situation, and you are therefore within the Target Market we had considered.

INSIDE THE TARGET MARKET

- You are seeking a total income of 26.25% and are prepared to risk losing some or all of your initial investment
- You understand that the return of capital is based on the performance of the Index
- You understand that capital loss will occur if the Index falls by more than 40% in value at maturity
- You have some knowledge of, and experience in, investments which allows you to understand the risks associated with this investment.
- You are willing to invest for a period up to 7 years
- You are an individual, ARF/AMRF, Pension Fund, Religious Order, Charity or Corporate investor with a minimum of €20,000 or more (in increments of €1,000) to invest
- You understand that if The Goldman Sachs Group (GSG) was to default, you will lose some or all of your investment and potential return

OUTSIDE THE TARGET MARKET

- You are not willing to risk any of your capital
- You may need immediate access to your money before maturity
- You do not have sufficient knowledge of or experience in investments to understand the risks associated with this investment
- You cannot commit to the full 7 year Term
- You want to add to your investment on a regular basis
- You wish to invest in products which qualify for an investor compensation scheme
- You are not prepared to accept Goldman Sachs Group (GSG) credit risk

Warning: Certain investments may carry a higher degree of risk than others and may therefore be unsuitable for some investors.

TAXATION

The Bond is a listed Certificate and all investment returns will be paid gross of tax. The current Irish legislation surrounding Income Tax does not allow for a clear categorisation of such products as being subject to Income Tax. Similar products that have been marketed in Ireland for a number of years have been subject to Income Tax. Based on this practice and on independent taxation advice received, it

is our understanding that this product should be subject to Income Tax. Revenue law and practice can change at any time. BCP are not tax advisers and are not offering tax advice on this product. Investors should satisfy themselves independently of the taxation treatment of the Bond in relation to reporting requirements and the implications of non-disclosure.

CHARGES

There is a total fee of 3.0% (or €600 for an investment of €20,000) built into the terms of the Bond. 100% of your investment is allocated to the Bond and income payments are based on 100% of the invested capital, not your invested capital minus the fee. There are no annual management fees. From the total fee received, European Depositary Bank SA, Dublin Branch will receive 0.21% (or €42 for an investment of €20,000) for custody and execution services. If you have invested via an authorised investment intermediary they will be paid a fee of 1.40% (or €280 for an investment of €20,000). This fee is payable to BCP if you do not deal with us through an intermediary. BCP Asset Management will receive a net fee of 1.39% (or €278 for an investment of €20,000) for the distribution, marketing and administration of the Bond. The fee payable to BCP quoted above may vary depending on the fee payable to BCP by Goldman Sachs Finance Corp

International (GSFCI) on any subsequent increases or decreases to the initial amount hedged for this product. The fee to BCP will depend primarily on the option price, the market interest rate and the Bank's funding rate at the time. The actual % payable to BCP will be notified to you after the start date of this product. In addition to this commission we may receive from or provide to our counterparties and/or intermediaries minor non-monetary benefits; which may arise in the normal course of business (e.g. attendance at training, conferences or off site meetings that may include a minor sustenance).

In relation to any withdrawal outside of the early and final maturity dates a 0.5% (or €100 for an unwind of €20,000) administration charge (subject to €100 minimum charge) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested).

WHAT IS A CERTIFICATE?

A Certificate is an instrument issued by a bank that confers a debt obligation on the bank to the benefit of the investor. A Certificate can therefore be classified as a bank debt security or a bank bond. The BCP Income Bond 4 is in the form of a Certificate issued by Goldman Sachs Finance Corp International (GSFCI)

which is a subsidiary of The Goldman Sachs Group. This is a senior unsecured debt instrument that ranks equally with all other senior unsecured debt issued by GSFCI. The Certificate will be listed on the Luxembourg Stock Exchange and can therefore be generally classified as a listed bond.

QUESTIONS & ANSWERS

DO I HAVE ACCESS TO MY INVESTMENT?

You should only invest in this Bond if you do not need access to your money for 7 years. Goldman Sachs intends to make a market in the security on a regular basis under normal market conditions, but Goldman Sachs does not commit and is under no obligation legal or otherwise to make any market in the security. Goldman Sachs, as applicable, intends, under normal market conditions, to provide bid and offer prices for this security on a regular basis. However, Goldman Sachs, as applicable, makes no firm commitment to provide liquidity by means of bid and

offer prices for this security, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. Potential Holders therefore should not rely on the ability to sell this security at a specific time or at a specific price. In special market situations, where Goldman Sachs is completely unable to enter into hedging transactions, or where such transactions are very difficult to enter into, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks to Goldman Sachs.

WHERE DOES MY INVESTMENT GO?

The Certificate is issued by Goldman Sachs Finance Corp International (GSFCI) and guaranteed by the Goldman Sachs Group (GSG). BCP has appointed European Depositary Bank SA, Dublin Branch (EDB) who are authorised to act as the custodian of the Certificate. Investor funds will be transferred from

BCP to EDB and funds will be transferred to GSFCI before the Start Date. At the Final Maturity Date funds will be transferred back to EDB who in turn will return the funds to BCP. BCP will advise you of the amount received and request your written instructions.

WHAT HAPPENS IF I DIE?

In the event of the death of a sole investor prior to the expiry of the Term: a) the Bond may be transferred into the name(s) of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP based on a calculation by Goldman Sachs Finance Corp International (GSFCI). The amount redeemed may be more or less than the capital invested.

Where the Bond is held in joint names it will, upon the death of one of the

investors and upon production of such evidence of death as BCP may require, be transferred into the name(s) of the surviving investor(s).

Where an investment is made on behalf of a self-directed or self-administered pension plan, in the event of death of a member prior to the expiry of the term, the Bond may be redeemed at its realisable value as determined by BCP based on a calculation by GSFCI which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.

8. WITHDRAWALS

- 8.1 Daily liquidity is available in normal market conditions. The value of any withdrawal is dependent on a number of factors and is subject to market movements.
- 8.2 In the event of death of a sole investor prior to the expiry of the Term: (a) the Bond may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or (b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP and the Bank, which may be more or less than the capital invested.

- 8.3 Where the Bond is held in joint names, it will, upon the death of one of the investors and upon production of such evidence of death as BCP or the Bank require, be transferred into the name(s) of the surviving investor(s).

- 8.4 Where an investment is made on behalf of a self directed or self administered pension plan, in the event of death of a member prior to the expiry of the Term, the Bond may be redeemed, subject to the terms of the rules of the underlying scheme or policy, at its realisable value as determined by BCP and the Bank which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.

- 8.5 A 0.5% administration charge (subject to €100 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested) of any withdrawal outside of the annual and final maturity dates. We would need to receive an instruction from you in writing to process any early encashment of your investment. In the case of joint accounts, instructions from all parties will be required.

9. RETURNS

The Bond is designed to repay your Initial Capital and deliver a fixed return of 3.75% per annum over the 7 year term. The income of 3.75% gross will be paid at the end of each year over the 7 year term, with total income of 26.25% gross paid out. The risk to your investment will be dependent on the solvency of The Goldman Sachs Group (GSG) as well as the performance of the Index. The Bond aims to return your initial Investment at maturity. However, if the Euronext® CDP Environment World EW Decrement 5% Index ('the Index') falls by more than 40% from the Initial Index Level to the Final Index Level, your initial capital will be reduced by 1% for every 1% fall in the Index at the end of the Investment Term.

10. MATURITY

At maturity, you will have the option to access your maturity proceeds, or you may have the option to reinvest the proceeds into other products which may be available at that time. Your financial adviser and BCP will contact you before maturity to ask your preference. At maturity your proceeds will be transferred back to BCP and will be held by BCP in accordance with the Irish Client Asset Regulations 2017. The relevant maturity proceeds shall be held by BCP without interest.

11. JOINT INVESTMENTS

Unless otherwise agreed in writing with BCP, the withdrawal of funds at maturity will require the consent of all account holders. Should you wish BCP to provide statements separately to each account holder or should you wish to impose any limitations on the operations of the account, please advise BCP prior to investing in this product.

12. COMPLAINTS

Any complaint about the sale of this Bond should be made to your financial adviser or the intermediary through whom you invested or BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4, D04 XK68 if relevant. Any complaints referred to BCP relating to your Investment will be investigated thoroughly and in accordance with the BCP's Complaints

Policy. Details of the Complaints Policy are available on request. If you are dissatisfied with the outcome of BCP's efforts to resolve your complaint, it is possible that you may be able to refer your complaint to the Financial Services Ombudsman and Pensions Ombudsman.

DATA SECURITY

BCP Asset Management DAC intend to strictly protect the security of your personal information and carefully protect your data from loss, misuse, unauthorised access or disclosure, alteration or destruction. We have taken appropriate steps to safeguard and secure information held by us.

15. CONFLICT OF INTEREST

Occasions can arise where BCP, or one of its clients, will have some form of interest in business which is being transacted for the Bond. If this happens, or if BCP becomes aware that its interests or those of one of its other clients conflict with your interests, you will be informed and asked for your written consent before any transaction is carried out. A copy of the Custodian's conflicts of interest policy can be obtained upon request.

16. ASSIGNMENTS

Investor(s) may not transfer (either by assignment or by novation) or create any security over any or all its rights, interests and obligations in the Bond without the prior written consent of BCP.

17. VARIATION

BCP reserves the right to amend, vary or supplement these Terms & Conditions, during the Term of the Bond. This may be for one of the following reasons:

- (a) due to a change in legal, regulatory or taxation requirements to which BCP is subject, or a change in the manner in which same are applied;
- (b) to comply with an order of a court or other analogous authority;
- (c) to make the Terms & Conditions fairer to you or to correct a mistake (provided that such a correction would not adversely affect your rights);
- (d) to enable your Bond to be managed more effectively, or to provide you with additional options within your Bond. Where possible you will be notified of any changes at least 30 days in advance of changes taking effect.

18. ACCEPTANCE OF TERMS & CONDITIONS

By accepting these Terms & Conditions, you authorise BCP to disclose all relevant particulars of your Investment where BCP is required by law, regulation, court (or other arbitral) order, taxation authority or other supervisory or regulatory authority to do so.

19. DISCLAIMER

Reference within this document to particular assets or indices are included only to indicate the basis upon which the investment return is calculated, not to indicate any association between BCP or the Issuer and the relevant fund or the relevant index provider, nor does such reference indicate any endorsement of the investment by the relevant provider.

Neither Goldman Sachs Finance Corp International nor The Goldman Sachs Group has prepared this document and therefore accepts no responsibility for its contents, nor any liability for any losses in connection with the information contained herein. BCP has prepared this document and accepts responsibility for its contents.

20. TELEPHONE RECORDING
