Warning: If the Goldman Sachs Group were to default, you will lose some or all of your investment and potential returns. Warning: Current Irish taxation legislation does not allow for a clear categorisation of this product as being subject to Income Tax. There is a risk an alternative taxation basis may apply.

WHAT ARE THE RISKS INVOLVED IN THE BOND?

COUNTERPARTY/ CREDIT RISK

Your capital is exposed to the credit risk of The Goldman Sachs Group as the guarantor of the Certificate. If The Goldman Sachs Group defaults on its senior debt obligations you may suffer partial or full capital loss on potential return.

Your investment in the Certificate ('the instrument'/'the security') with The Goldman Sachs Group ('the institution') is subject to the Bank Recovery and Resolution Directive. Below we provide some information on the potential treatment of investments in resolution or insolvency.

- the instrument is unsecured and therefore subject to the resolution regime or normal insolvency if the institution fails;
- the impact of the institution's failure on investors depends crucially on the ranking of the liability in the insolvency creditor hierarchy (which may have changed because of the introduction of depositor preference), on the amount of losses incurred and on the resolution strategy applied;
- in the event of resolution:
 - the outstanding amount may be reduced to zero or the security may be converted into ordinary shares or other instruments of ownership for the purpose of stabilisation and loss absorption;
 - a transfer of assets to a bridge bank or in a sale of business may limit the capacity of the institution to meet repayment obligations, or may result in partial losses or no losses if the relevant liabilities are also transferred;
 - the maturity of instruments or the interest rate under these instruments can be altered and the payments may be suspended for a certain period;
- the liquidity of the secondary market in any unsecured debt instruments may be sensitive to events in financial markets;
- existing liquidity arrangements (for example repurchase agreements by the issuing institution) might not protect clients from having to sell these instruments at a substantial discount below their principal amount, in the event of financial distress of the issuing institution;
- liability holders have a right to compensation if the treatment they receive in resolution is less favourable than the treatment they would have received under normal insolvency proceedings (as a consequence of the application of the 'no creditor worse off' principle). This assessment must be based on an independent valuation of the institution. Compensation payments, if any, may be considerably later than contractual payment dates (in the same way that there may be a delay in recovering value in the event of an insolvency), although resolution, in principle, preserves value compared with insolvency

INFLATION RISK

Any inflation during the term of the Bond will reduce the real value of your investment over time.

CONCENTRATION RISK

Your investment in the Bond should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one product, or with any one counterparty.

MARKET RISK

External factors could affect national economies, regions or an asset class and cause a fall in value of the equity and/or bond markets and could influence the returns payable under the Bond.

LIQUIDITY RISK

This product entails a materially relevant liquidity risk. Certain exceptional market and funding circumstances may have a negative effect on the liquidity of the product. The investor may not be able to sell the product easily or may have to sell it at a price that significantly impacts how much he/she gets back, this may entail a partial or total loss of the invested amount.

SECONDARY MARKET RISKS

Goldman Sachs intends, under normal market and funding conditions, to provide bid and offer prices for this Bond on a regular basis. Certain exceptional market circumstances may have a negative effect on the liquidity of the product. The investor may not be able to sell the product easily or may have to sell it at a price that significantly impacts how much he/she gets back. This may entail a partial or total loss of the invested amount. The Certificates may redeem below par and the redemption amount may vary considerably due to market conditions and will likely be valued at a considerable discount to its par value. Goldman Sachs may apply a charge which is equivalent to a deduction from the realised market value of no greater than 0.5%.

EARLY REDEMPTION RISK

If the Bond is sold before the Final Maturity Date then the value of the Bond may be less than the original investment amount and the investor may lose some or all of the invested amount.

LACK OF COMPENSATION SCHEME PROTECTION

Your investment is not covered by any investor compensation schemes in the event of a default of The Goldman Sachs Group (GSG)

TAXATION RISK

Current Irish taxation legislation does not allow for a clear categorisation of this product being subject to Income Tax. There is a risk an alternative taxation basis may apply.

EXCESS RETURN RISK

The performance of the Index is calculated net of the Euro Short-Term Rate (ESTR) overnight rate. In a positive interest rate environment this will act as a drag on the performance of the Index.

VOLATILITY CONTROL MECHANISM RISK

In the event of a sudden and significant market decline, itself followed by a sharp increase, the Volatility Risk Control adjustment mechanism may result in temporary underexposure and therefore a period of under performance.

RESTRUCTURING RISK

There is a risk that the Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index (the 'Index') is discontinued during the term of the investment. In this scenario the Issuer will replace the Index with an alternative Index. If there is no alternative Index available the Issuer may repay your investment before the maturity date for an amount that may be more or less than the initial amount invested. There may also be a scenario whereby there is a change in law or the Issuer's authorisation whereby the Issuer can no longer maintain the Certificate. Should this occur the Issuer may repay your investment before the maturity date for an amount that may be more or less than the initial amount invested.

Before making any investment in this product Investors should refer to the prospectus and final terms associated with it; these are available on request. It is recommended that investors read carefully the "risk factors" section of the prospectus.

Warning: If you cash in your investment before 4th August 2028 you may lose some or all of the money you invest.

ANALYSING THE RISK OF THE INVESTMENT

As per the Key Information Document (KID) that accompanies this Bond brochure, and can be found on the bcp.ie website, a standardised risk analysis (called a Summary Risk Indicator or SRI) has been developed by the European regulatory authorities to allow investors compare and contrast, amongst other features, the risk of an investment according to pre-defined criteria and with a standardised calculation format.

The SRI is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the Goldman Sachs Finance Corp International Ltd and The Goldman Sachs Group (GSG) are unable to repay the capital protected amount plus any return.

RISK ANALYSIS

The BCP Protected Multi-Asset Kick Start Bond 3 is classified as 2 out of 7, which is a low risk class. This rates the potential losses from future performance at a low level, and poor market conditions are unlikely to impact on the capacity of the Goldman Sachs Finance Corp International Ltd and The Goldman Sachs Group (GSG) to pay you.

You are entitled to receive back at least 100% of your capital at maturity. Any amount over this, and any additional return, depends on future market performance and is uncertain. However, this protection against future market performance will not apply if you redeem your investment before the maturity date.

PLEASE NOTE, If the Goldman Sachs Finance Corp International Ltd and The Goldman Sachs Group (GSG) are unable to repay what is owed, you could lose your entire investment. The risk indicator assumes you keep the product until maturity. The actual risk can vary significantly if you redeem your investment (in exceptional circumstances) at an early stage and you may get back less than you invested.

TARGET MARKET ASSESSMENT / IS THIS BOND RIGHT FOR YOU?

When designing an investment product BCP spend a considerable amount of time ensuring the product features closely match the investment requirements of the target market we are distributing to. Below we have provided a simple checklist of product features that we encourage all investors

to review, alongside their financial advisor, in order to ensure the product accurately meets an individual's demands and that the product is appropriate for their specific investment needs. The below checklist should be reviewed in conjunction with the entirety of the product brochure.

- You are not prepared to accept The Goldman Sachs Group (GSG) credit risk
- You require a guaranteed return on your investment
- You are looking for an investment that promotes ESG compatible characteristics

YOUR INVESTMENT AND ESG

Your investment is into what is known as a Structured Product. Structured Products are not subject to the Sustainable Finance Disclosure Regulations (SFDR). The Bank with whom this investment is made is not subject to any ESG constraints. The return on your investment depends on the performance of the Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index. In the event that the product was subject to SFDR, there is insufficient

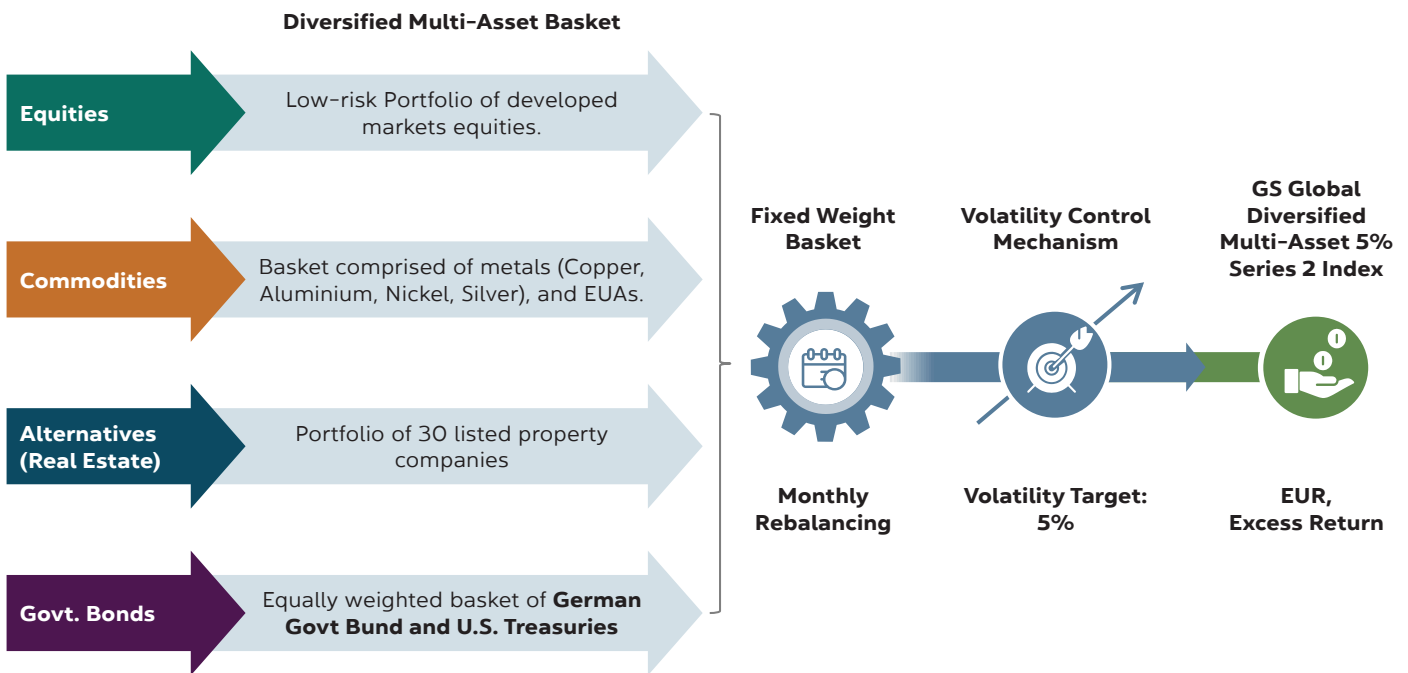

information available on all constituent parts of this Index to classify it as an Article 8 or Article 9 Fund under the SFDR. This investment is not suitable if you are looking for an investment that promotes ESG compatible characteristics. ESG (Environmental, Social and Governance) is a framework used to assess an organisation's business practices and performance on various sustainability and ethical issues.

ANALYSING THE INDEX

The Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index (the "Index") provides exposure to a diversified basket of:

- i) Global Equities which are identified by MSCI as driving the transition towards a low carbon economy which is represented by the MSCI World Climate Change Select 200 Index;
- ii) Commodities including metals (Copper, Aluminium, Nickel, Silver) and European Union Allowances ("EUAs");
- iii) Alternatives (Real Estate) comprised of listed real estate securities with ESG performance which is represented by the Euronext Reitsmarket GRESB Global Sustainable Index; and
- iv) Government Bonds – equally weighted basket of German Government Bunds and U.S. Treasuries.

- The Index applies a risk control mechanism with a maximum exposure of 100%, targeting a volatility of 5%.
- The Index is denominated in EUR and calculated on an Excess Return Basis.
- Fixed weight basket with monthly rebalancing.
- Excess Return: the performance of the Index is calculated net of the Euro Short-Term Rate (ESTR) overnight rate.

EXCESS RETURN INDEX EXPLAINED

The performance of the Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index (the 'Index') is calculated on an Excess Return basis. The performance of the Index is calculated net of the Euro Short-Term Rate (ESTR) overnight rate as follows:

Index performance + reinvested dividends – overnight ESTR

The Euro Short-Term Rate (ESTR) is an interest rate benchmark that reflects the overnight borrowing costs of banks

within the eurozone. The rate is calculated and published by the European Central Bank (ECB). When interest rates rise the ESTR will increase and when interest rates fall the ESTR will decrease. The ESTR overnight rate as of 18th May 2023 was 3.15%. The historic reinvested dividends within the Index (equities and REITs) are circa 1% per annum, therefore, the current drag on performance is approximately 2.15% per annum.

Warning: In a positive interest rate environment the deduction of the Euro Short-Term Rate (ESTR) overnight rate will act as a drag on the performance of the Index.

Volatility Control Mechanism

- The Index embeds a Volatility Control Mechanism which adjusts the exposure to the diversified Multi-Asset Basket in order to maintain volatility close to a level of 5%.
- Exposure to the Multi-Asset Basket will be adjusted between 0 - 100% depending on the realised volatility of the Multi-Asset Basket.

WHY?

- Aims to reduce significant price fluctuations of the Index.
- Designed to reduce the impact of market downturns, during which volatility tends to increase.

HOW?

- The Index may periodically adjust the exposure to the diversified Multi-Asset Basket, aiming to target a volatility of 5%.
- If the Multi-Asset Basket's realised volatility is higher than 5%, the Index may decrease its exposure to the Multi-Asset Basket; if the Multi-Asset Basket realised volatility is lower than 5%, the exposure is increased, up to a maximum exposure of 100%.
- The aim is to maintain the Index's volatility as close to 5% as possible.
 - Exposure of Index to the Multi-Asset Basket = $5\% / \text{Realised Volatility of the Multi-Asset Basket}$
 - Exposure is capped at 100% and floored at 0%

Volatility is > 5% **Exposure below 100%**

Volatility is < 5% **Exposure is increased up to maximum of 100%**

ACTUAL AND SIMULATED PAST PERFORMANCE OF THE INDEX

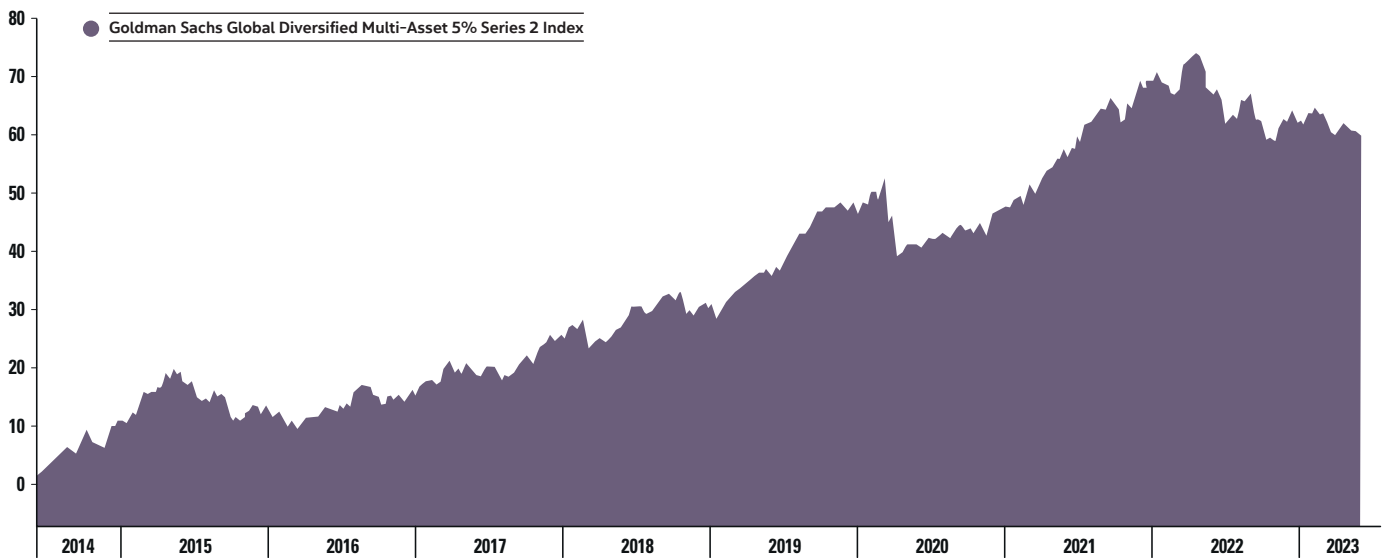

The objective of the Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index is to provide exposure to the performance of a basket of 4 underlying assets across equities, fixed income, commodities, and real estate (REITs).

The underlying Index was officially launched on 19th December 2022 so the analysis below is a combination of a short period of actual performance and a longer period of back-tested or simulated performance generated by replicating the exact rules of the Index back to 9th May 2014. As there is 9 year's performance to assess, the below is being provided as a basic illustration of the performance this Index has exhibited over a period that has contained periods of strong growth as well as markets corrections such as the

COVID-19 pandemic in 2020 and the ongoing war between Russia/Ukraine.

The backdrop of the past performance of this Index has encapsulated various economic cycles, from strong bull markets to steep market corrections.

Actual and simulated past performance is not a reliable guide to future performance. The performance of the Index in the future cannot be predicted in advance.

	9TH MAY 2014	7 YEARS	5 YEARS	3 YEARS	1 YEAR	YTD
Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index	57.04%	41.85%	24.63%	13.42%	-4.73%	-1.12%

EXAMPLES OF POTENTIAL RETURN SCENARIOS FOR INVESTORS

The tables below shows examples of potential investment scenarios to assist in explaining how this Bond operates. Capital security is fixed at 100% so regardless of the Index performance the minimum investment return at maturity will be 0% resulting in 100% of capital being returned. In terms of positive Index performance this will be multiplied by the participation rate of 185%.

The Bond includes a "Kick Start" feature. This means that for the purposes of calculating Bond performance 5% is automatically added to Index performance before the participation rate of 185% is applied. This is effectively an 9.25% (5% x 185% Participation) kick start to the Bond performance.

See two scenarios below which assume an Initial Valuation Price of the Index of 100.00:

SCENARIO 1 – INDEX PERFORMANCE IS 25%:		SCENARIO 2 – INDEX PERFORMANCE IS -3%:	
Initial Valuation Price	100.00	Initial Valuation Price	100.00
Final Valuation Price	125.00	Final Valuation Price	97.00
Index Performance	25.00%	Index Performance	-3.00%
Index Performance + 5%	30.00%	Index Performance + 5%	2.00%
Participation of 185%	55.50%	Participation of 185%	3.70%

In the scenario above 5% is added to Index performance of 25%, multiplied by 185% participation to give a Bond return of 55.50%.

In the scenario above 5% is added to Index performance of -3%, multiplied by 185% participation to give a Bond return of 3.70%.

SIMULATED PAST PERFORMANCE

In order to demonstrate how the product would have performed in the past a series of tests to determine the simulated past performance of the Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index (the 'Index') applying the exact parameters of the strategy were carried out. The back testing data starts with a hypothetical product which was assumed to commence on 22nd April 2014 and runs continuously to include a hypothetical product which was assumed to commence on 22nd May 2018. The back testing analysis assumes that a hypothetical product was launched each month between 22nd April 2014 to 22nd May 2018. The back testing applies the past performance and simulated past performance of the Index during this period to the exact parameters of this product to determine the outcome of these hypothetical products. The Goldman Sachs Global Diversified Multi-Asset 5% Series 2 Index was launched on 19th December 2022 so any Index performance before this date is simulated.

The Index provides exposure to the performance of a basket of 4 underlying assets across equities, fixed income, commodities, and real estate (REITs). The start date for the back test is 22nd April 2014 as this is the furthest data point for the Index. The product has an

investment term of 5 years and as the back testing data was generated in May 2023, 22nd May 2018 is the end date for the simulated back testing as a hypothetical product must run for the full investment term to be included.

The back testing data is not considered to be statistically independent. The back testing is based on simulated historical data points for the Index from 22nd April 2014 (which is the earliest point for which data was available for the Index) to May 2023 for a product that started on 22nd May 2018. As markets have generally performed well during this period, the expectation would be for the back testing for this type of product to perform well also.

Simulated past performance is not a reliable guide to future performance. The performance of the Index in the future cannot be predicted in advance.

From 22nd April 2014 to 22nd May 2018, hypothetical returns shown below illustrate the historic Index performance (accounting for the "Kick Start" feature and averaging in the final 6 months) multiplied by the 185% participation rate in the Bond and added to the amount invested. Where the Index performance is negative, clients would have received 100% of the amount invested.

	HYPOTHETICAL RETURNS
Minimum	151.91% (51.91% gain)
Maximum	188.49% (88.49% gain)
Average	168.50% (68.50% gain)
Recent 5 Year	156.11% (56.11% gain)

→ Clients would have received a positive return 100% of the time.

→ Clients would have received just their initial investment (i.e. no positive return) 0% of the time.

COUNTERPARTY SELECTION

The Goldman Sachs Group (GSG) is the guarantor of the Issuer of the Certificate. The Issuer is Goldman Sachs Finance Corp International Ltd, which is a 100% owned subsidiary of GSG and the Certificate issued by Goldman Sachs Finance Corp International Ltd has an irrevocable and unconditional guarantee from GSG. Investors in this Bond will have capital exposure to the senior counterparty risk of GSG. In the event of a senior debt default by GSG investors capital is at risk.

Goldman Sachs is ultimately responsible for the payment of any return of capital and any investment return due from the Certificate. As a result it is imperative that the counterparty has a strong and sound financial profile and high credit strength. Investors in the Bond should familiarise themselves with the counterparty risk they are exposed to and the information below provides some of the key facts and figures behind Goldman Sachs which led BCP to select them as the preferred counterparty for this product.

THE GOLDMAN SACHS GROUP

- The Goldman Sachs Group, Inc. is a leading global investment banking, securities and investment management firm that provides a wide range of financial services to a substantial and diversified client base that includes corporations, financial institutions, governments and individuals. Founded in 1869, the firm is headquartered in New York and maintains offices in all major financial centres around the world.
- GSG is a bank holding company and a financial holding company

- regulated by the Board of Governors of the Federal Reserve System (Federal Reserve Board).
- As of 31st March 2023, Goldman Sachs employed 45,500 employees worldwide, and currently has a market capitalisation of over \$113.31 bn.
- Goldman Sachs current credit ratings are in the table below:

CREDIT RATING	FITCH	MOODY'S	STANDARD & POOR'S
The Goldman Sachs Group	A (Stable)	A2 (Stable)	BBB+ (Stable)

Source: Bloomberg as of May 2023

Warning: If the Goldman Sachs Group (GSG) were to default, you will lose some or all of your investment and potential return.

CREDIT RATINGS

One of the factors you may wish to take into account when reviewing a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the counterparty.

A high rating of a counterparty from one or more of the credit rating agencies is not a guarantee that the Issuer will meet its obligation to pay the amount due from the Bond. Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along

with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. A rating outlook assesses the potential direction of a long term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future credit watch action.

- **POSITIVE** means that a rating may be raised.
- **NEGATIVE** means that a rating may be lowered
- **STABLE** means that a rating is not likely to change
- **UNDER REVIEW**, either positive or negative means a rating may be raised or lowered in the short term.

CREDIT RATINGS CONTINUED

All references to the credit rating are correct as at May 2023. Credit ratings are subject to change during the offer period and during the term of the Bond. Ongoing information about the ratings of the Counterparty is available from

BCP and we will, where appropriate, include information relating to credit ratings in your periodic valuation statements. Please refer to your financial adviser if you have any queries regarding credit ratings.

HOW DOES THE BOND WORK?

BOND STRUCTURE

Investors in the BCP Protected Multi-Asset Kick Start Bond 3 are investing in a 5 year Certificate issued by the Goldman Sachs Finance Corp International Ltd and guaranteed by The Goldman Sachs Group (GSG). BCP Asset Management DAC is the distributor of the Bond and European Depository Bank SA, Dublin Branch, will act as the Custodian of the Certificate on your behalf. A custody account in the name of BCP Asset Management Client Asset Account will hold the Certificate on behalf of investors at European Depository Bank SA, Dublin Branch.

European Depository Bank SA, Dublin Branch is supervised by the Commission de Surveillance du Secteur Financier (CSSF) in Luxembourg and is regulated by the Central Bank of Ireland for conduct of business rules. The Goldman Sachs Finance Corp International Ltd and The Goldman Sachs Group (GSG) have not sponsored or endorsed the Bond in any way.

Your entire investment is allocated to the BCP Protected Multi-Asset Kick Start Bond 3. The Bond offers 100% capital security at maturity.

SUITABILITY

The BCP Protected Multi-Asset Kick Start Bond 3 has been designed for conservative investors who are seeking positive long-term capital growth and require a level of hard capital security. The Bond is not suitable for investors who require regular income. The Bond is suitable only as a capital growth investment. The return on the Bond at maturity will depend on the

Performance of the Index and will only be determined at the end of the term.

Investors are prepared to invest for the full 5 year term. The product does provide liquidity in normal market and funding conditions, however, investors should have an emergency fund and carefully read the liquidity provisions in this Brochure.

CAPITAL SECURE AMOUNT

Capital security (100%) is provided at maturity by the Goldman Sachs Finance Corp International Ltd and guaranteed by The Goldman Sachs Group (GSG). In the event The Goldman Sachs Group

(GSG) fail to meet its liabilities, you could lose some or all of your money. Your investment is not covered by any compensation schemes covering counterparty default.

CALCULATION OF RETURN AT MATURITY

At the end of the 5 year Term, the percentage performance (gain or loss) of the Index is calculated (known as Final Price). As described on page 12, as per the "Kick Start" feature, 5% is automatically added to Index performance. Positive Index performance (after the 5% has been added) will be multiplied by 185% to determine the return to be added to the amount invested. Where the Index performance is negative at the end of the 5 year investment term (after the 5% has been added), 100% of the capital

invested will be returned. There is no cap on returns.

In order to protect the Performance of the Index from volatility towards the end of the term, the Final Price will reflect the average price of the Index on a monthly basis over the final 6 months of the 5 year Term. The effect of averaging is to protect returns in a falling market but conversely it may restrict growth in a rising market.

**Warning: If you cash in your investment before 4th August 2028 you may lose some or all of the money you invest.
Warning: the application of averaging may restrict growth in a rising market.**

CHARGES

100% of your investment is allocated to the Bond and any returns generated are based on 100% of the invested capital, not your invested capital minus any applicable fees. There are no annual management fees.

Total fees for the Bond are 4.85% (or €970 for an investment of €20,000). From the total fee received, European Depository Bank SA, Dublin Branch will receive 0.15% (or €30 for an investment of €20,000) for custody and execution services. Where another custodian is used (for example Cantor Fitzgerald, 0.40% is payable to Cantor Fitzgerald for custody and execution services), this fee is payable to that custodian. If you have invested via an authorised investment intermediary they will be paid a fee of 2.25% (or €450 for an investment of €20,000), equivalent to 0.45% per annum. This fee is payable to BCP if you do not deal with us through an intermediary. BCP Asset Management will receive a fee of 2.45% (or €490 for an investment of €20,000) for the distribution, marketing and administration of the Bond, equivalent to 0.49% per annum. The total fee and the fee payable to BCP quoted above may vary depending on the fee payable to BCP by Goldman Sachs Finance Corp

International Ltd on any subsequent increases or decreases to the initial amount hedged for this product. The fee to BCP will depend primarily on the option price, the market interest rate and the Bank's funding rate at the time. The actual % payable to BCP will be notified to you after the start date of this product. In addition to this commission we may receive from or provide to our counterparties and/or intermediaries minor non-monetary benefits which may arise in the normal course of business (e.g. attendance at training, conferences or off site meetings that may include a minor sustenance).

In relation to any withdrawal outside of the early and final maturity dates a 0.5% (or €100 for an unwind of €20,000 administration charge (subject to €100 minimum charge) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested). Goldman Sachs may, in normal market and funding conditions, apply a charge which is equivalent to a deduction from the realised market value of no greater than 0.5%.

PERFORMANCE FEE

If at the end of the 5 year term the gross return of the Bond is 20% or above, then a Performance Fee of 1% will be paid by Goldman Sachs to BCP. Performance Fees will be paid to BCP by Goldman Sachs and they will not impact the gross return paid to the investors.

Any Performance Fees paid will be in addition to the initial fee paid to BCP and your intermediary, where applicable, as described above.

IMPORTANT DATES

Closing Date	21st July 2023
Initial Valuation Date	28th July 2023
Start Date	4th August 2023
Averaging Dates	28th January 2028 to 28th July 2028
Final Valuation Date	28th July 2028
Final Maturity Date	4th August 2028

WHERE DOES MY INVESTMENT GO?

The Certificate is issued by Goldman Sachs Finance Corp International Ltd and guaranteed by The Goldman Sachs Group (GSG). BCP has appointed European Depository Bank SA, Dublin Branch (EDB) who are authorised to act as the custodian of the Certificate. Investor funds will be transferred from BCP to EDB and funds will be transferred to Goldman Sachs Finance Corp International Ltd before the Start Date. At the Final Maturity Date funds will be transferred back to EDB who in

turn will return the funds to BCP. All funds with BCP after maturity are held in a pooled/omnibus BCP Asset Management Client Asset Account. BCP will advise you of the amount received and request your written instructions. All funds in EDB will be held in a BCP Asset Management Client Asset Account with other clients' assets as part of a common pool. For full details please refer to Section 4 in the Terms and Conditions on page 20.

DO I HAVE ACCESS TO MY INVESTMENT?

You should only invest in this Bond if you do not need access to your money for 5 years. While the Certificate is a listed instrument and Goldman Sachs aims to provide a secondary market under normal market and funding conditions the value will be subject to the prevailing market rate at that time, it may be less than the amount invested and an administrative charge will also apply.

There is no guarantee liquidity will be available at the time you wish to encash. Any prices indicated will be dependent upon a number of factors including the remaining time to the Maturity Date, the Goldman Sachs's credit risk, the performance and volatility of the underlying Index, interest rates, exchange rates, credit spreads and any incidental costs.

A 0.5% (or €100 for an investment of €20,000) administration charge (subject to €100 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested) of any early exit from this investment. Goldman Sachs may apply a charge which is equivalent to a deduction from the realised market value of no greater than 0.5%.

Deductions for fees and charges are not made uniformly throughout the life of the Bond, but are loaded onto the early period. If you withdraw from the Bond in the early period this will impact on the value you will receive.

BCP PROTECTED MULTI-ASSET KICK START BOND 3

At the end of the 5 year term, if the Performance of the Index is positive the Bond will pay 100% of the original investment plus 185% of the Performance achieved by the Index over the investment term. There is no limit to the maximum return that can be earned from this Bond.

As described on page 12, as per the "Kick Start" feature, 5% is automatically added to Index performance. If the Performance of the Index is 20% (after the 5% has been added) over the term of the Bond, the return to investors will be 100% of the amount invested plus

37% (20% x 185%) giving a gross return of 37%. This is equivalent to 7.40% per annum (CAR 6.50%). As the 37% return in this case is above the 20% Performance Fee hurdle rate, a 1% Performance Fee will be paid to BCP by Goldman Sachs, with a return of 37% to investors.

Where the Index performance is negative at the end of the 5 year investment term (after the 5% has been added), 100% of the capital invested will be returned.

WHAT HAPPENS IF I DIE?

In the event of the death of a sole investor prior to the expiry of the Term:

a) the Bond may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or

b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP based on a calculation by the Bank, at the discretion of the Bank. The redeemable amount will be calculated primarily by reference to the market value of the assets, the remaining term to maturity, and the prevailing interest rates at the time. The amount redeemed may be more or less than the capital invested.

Where the Bond is held in joint names it will, upon the death of one of the investors and upon production of such evidence of death as BCP or the Bank may require, be transferred into the name(s) of the surviving investor(s).

Where an investment is made on behalf of a self-directed or self-administered pension plan, in the event of death of a member prior to the expiry of the Term, the Bond may be redeemed at its realisable value as determined by BCP based on a calculation by the Bank which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing life company as appropriate.

A 0.5% (or €100 for an investment of €20,000) administration charge (subject to €100 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested) of any early exit from this investment. Goldman Sachs may apply a charge which is equivalent to a deduction from the realised market value of no greater than 0.5%.

WHAT ABOUT TAX?

The Bond is a Certificate and all investment returns will be paid gross of tax. The current Irish legislation does not allow for a clear categorisation of how this product should be treated for tax purposes. It is our understanding that this product should be subject to Income Tax where applicable. Revenue law and practice can change at any time; the tax treatment will depend on the individual circumstances of each client and may be subject to change in

the future. BCP are not tax advisers and are not offering tax advice on this product. Investors should satisfy themselves independently of the taxation treatment of the Bond, in relation to reporting requirements and the implications of non-disclosure.

WHAT IS A CERTIFICATE?

A Certificate is an instrument issued by a bank that confers a debt obligation on the bank to the benefit of the investor. A Certificate can therefore be classified as a bank debt security or a bank bond. This is a senior preferred unsecured debt instrument that ranks equally with all other senior preferred unsecured

debt issued by Goldman Sachs Finance Corp International Ltd, a subsidiary of The Goldman Sachs Group. The Certificate will be listed on the Luxembourg Stock Exchange and can therefore be generally classified as a listed bond.

8. CANCELLATION RIGHTS

- 8.1 You have the option to cancel your application to invest in the Bond by 21st July 2023. In order to cancel written notice must be received by BCP by 21st July 2023.
- 8.2 BCP reserves the right, at its sole discretion, not to proceed with this Bond at any time up to and including the Start Date. In such circumstances your Investment amount will be returned to you without interest.

9. WITHDRAWALS

- 9.1 Liquidity is available in normal market and funding conditions. The Bond is designed to be held for the full 5 year investment term. If you need to cash in your investment early, you may, provided another party wishes to purchase it. We cannot guarantee what its value will be at that point and it may be less than you originally invested. You will be paid the value of your investment in accordance with the prevailing market rate at that time, less any associated selling cost.
- 9.2 In the event of death of a sole investor prior to the expiry of the 5 year Term:
- (a) the Bond may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or
- (b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP and the Bank, which may be more or less than the capital secure amount.
- 9.3 Where the Bond is held in joint names, it will, upon the death of one of the investors and upon production of such evidence of death as BCP or the Bank require, be transferred into the name(s) of the surviving investor(s).
- 9.4 Where an investment is made on behalf of a self directed or self administered pension plan, in the event of death of a member prior to the expiry of the 5 year Term, the Bond may be redeemed, subject to the terms of the rules of the underlying scheme or policy, at its realisable value as determined by BCP and the Bank which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing life company as appropriate.
- 9.5 A 0.5% administration charge (subject to €100 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested) of any withdrawal outside of the early and final maturity dates. We would need to receive an instruction from you in writing to process any early encashment of your investment. In the case of joint accounts, instructions from all parties will be required.

10. RETURN

- 10.1 Performance of the Index is calculated as (Final Price – Initial Price) / Initial Price where (1) the Initial Price of the Index is the closing level of the Index on 28th July 2023 or the next business day for the Index; (2) The Final Price for the Index is the simple average of the Index values taken at the following dates: 28th January 2028, 28th February 2028, 28th March 2028, 28th April 2028, 29th May 2028, 28th June 2028 and 28th July 2028.

The Bond also includes a "Kick Start" feature whereby 5% is automatically added to Index performance.

- 10.2 If the Performance of the Index is positive at the end of the Term (after the 5% has been added), the Gross Return of the Bond is calculated as (Performance of the Index x Participation) where Participation is 185%. This will be added to your investment to calculate the amount due to you at maturity.

If the Performance of the Index is negative over the term of the Bond (after the 5% has been added), 100% of the capital invested will be returned.

10.3 The Performance Fee will be 1% where the Gross Return at maturity of the Bond is 20% or above (i.e. the gross realisable value is 120% of the capital invested). Performance Fees will be paid to BCP by Goldman Sachs and they will not impact the gross return paid to the investors.

10.4 No interest will be paid to you on your investment in relation to the period up to 4th August 2023.

11. MATURITY

At maturity, you will have the option to access your maturity proceeds, or you may have the option to reinvest the proceeds into other products which may be available at that time. Your financial adviser and BCP will contact you before maturity to ask your preference. At maturity, your proceeds will be transferred back to a BCP client asset account and will be held by BCP in accordance with the Irish Client Asset Requirements 2023. Your money will be held in an Omnibus Account so you do not have a claim against a specific sum in a specific account; your claim is against the client assets pool in general. If you do not provide us with an instruction, matured funds will be held in this BCP client asset account until they are returned to you by cheque or electronic funds transfer, unless BCP has notified you otherwise in writing. Negative interest may be charged on any unclaimed maturity funds.

12. JOINT ACCOUNTS

Unless otherwise agreed in writing with BCP, the withdrawal of funds at maturity will require the consent of all account holders.

Should you wish BCP to provide statements separately to each account holder or should you wish to impose any limitations on the operations of the account, please advise BCP prior to investing in this product.

13. COMPLAINTS

Any complaint about the sale of this Bond should be made to your financial adviser or the intermediary through whom you invested or BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4, DO4 XK68 if relevant. Any complaints referred to BCP relating to your Investment will be investigated thoroughly and in accordance with the BCP's Complaints Policy. Details of the Complaints Policy are available on request. If you are dissatisfied with the outcome of BCP's efforts to resolve your complaint, it is possible that you may be able to refer your complaint to the Financial Services and Pensions Ombudsman.

14. CONFIDENTIALITY

BCP observes a strict duty of confidentiality about your financial affairs. Save at your request or with your consent, BCP will not disclose any details relating to your investment to anyone else other than in the following circumstances:

- to comply with a Court Order.
- to comply with a direction or request from a statutory or regulatory body entitled to such details.
- in accordance with any applicable legislation.

RIGHT OF ACCESS, RECTIFICATION OR ERASURE

You have the right at any time to request a copy of any "personal data" (within the meaning of the General Data Protection Regulation 2018 and the Irish Data Protection Act 2018) that we hold in relation to you and have it corrected if it is inaccurate or out of date. To exercise your Right of Access or to update your details under your Right of Rectification or Erasure please email your request to Dataprotection@bcp.ie.

DATA RETENTION

Information submitted by you when making an enquiry may be retained by us for a period of up to 12 months from the date of the enquiry. Investor's information will be held for a period of at least 6 years after the ending of the client relationship.

DATA SECURITY

BCP Asset Management DAC intend to strictly protect the security of your personal information and carefully protect your data from loss, misuse, unauthorised access or disclosure, alteration or destruction. We have taken appropriate steps to safeguard and secure information held by us.

16. CONFLICT OF INTEREST

Occasions can arise where BCP, or one of its clients, will have some form of interest in business which is being transacted for the Bond. If this happens, or if BCP becomes aware that its interests or those of one of its other clients conflict with your interests, you will be informed and asked for your written consent before any transaction is carried out. A copy of the Custodian's conflicts of interest policy can be obtained upon request.

17. ASSIGNMENTS

Investor(s) may not transfer (either by assignment or by novation) or create any security over any or all its rights, interests and obligations in the Bond without the prior written consent of BCP.

18. BOND OPERATION

Neither BCP, the Issuer, the Bank, the Custodian nor their agent(s) will be liable for any loss you may suffer if BCP, the Issuer, Bank, the Custodian or their agent(s) is prevented from providing any service as a result of industrial action, power failure or other cause beyond the reasonable control of BCP, the Issuer, the Bank or their agent(s). The above includes scenarios whereby the Index is discontinued and no alternative Index is available or there is a change in law or the Bank's authorisation whereby the Bank can no longer maintain the Certificate. Should this occur the Bank may repay the Certificate before the maturity date for an amount that may be more or less than the initial amount invested.

Should an adjustment event occur during the 5 year term which affects the valuation of the Index, BCP shall be entitled, after consultation with the Bank and at its absolute discretion, to adjust any relevant terms of the Bond to preserve the economic equivalent of your investment prior to the occurrence of such event.

The Bank acts as Issuer only and is not liable for the responsibilities of BCP to you in relation to the Bond, this brochure or for any other information provided to you by BCP. The Bank is not offering financial or tax advice to BCP or investors. It does not make any representation, express or implied, as to the investment terms or the performance of the Bond. Any such statements herein, as well as all other statements regarding the Bond, are the sole responsibility of BCP.

Potential investors should note that in purchasing any product described in this document, you will be a client of BCP Asset Management DAC and not a client of The Goldman Sachs Group or any of its affiliates. You therefore will not have any contract with The Goldman Sachs Group or its affiliates. Potential investors should also note that this document is the sole responsibility of BCP Asset Management DAC and that The Goldman Sachs Group and its affiliates take no responsibility for the reliability, accuracy or completeness of its contents, any representations made herein, the performance of the product or the marketing of the product including compliance with any applicable marketing or promotion laws, rules or regulations. The Goldman Sachs Group and its affiliates specifically disclaim any liability for any direct, indirect, consequential or other losses or damages including loss of profits incurred by you or by any third party that may arise from any reliance on this document

19. VARIATION

BCP reserves the right to amend, vary or supplement these Terms & Conditions, during the Term of the Bond. This may be for one of the following reasons:

- (a) due to a change in legal, regulatory or taxation requirements to which BCP is subject, or a change in the manner in which same are applied;
- (b) to comply with an order of a court or other analogous authority;
- (c) to make the Terms & Conditions fairer to you or to correct a mistake (provided that such a correction would not adversely affect your rights);
- (d) to enable your Bond to be managed more effectively, or to provide you with additional options within your Bond.

Where possible you will be notified of any changes at least 30 days in advance of changes taking effect.

20. ACCEPTANCE OF TERMS & CONDITIONS

By accepting these Terms & Conditions, you authorise BCP to disclose all relevant particulars of your Investment where BCP is required by law, regulation, court (or other arbitral) order, taxation authority or other supervisory or regulatory authority to do so.

21. DISCLAIMER

Reference within this document to particular assets or indices are included only to indicate the basis upon which the investment return is calculated, not to indicate any association between BCP or the Issuer and the relevant fund or the relevant index provider, nor does such reference indicate any endorsement of the investment by the relevant provider. Neither Goldman Sachs Finance Corp International Ltd nor The Goldman Sachs Group (GSG) has prepared this document and therefore accepts no responsibility for its contents, nor any liability for any losses in connection with the information contained herein. BCP has prepared this document and accepts responsibility for its contents.

22. TELEPHONE RECORDING

For the prevention of fraud, money laundering and the financing of terrorism and for security, training, compliance and monitoring purposes all telephone calls to and from BCP may be recorded.

23. COMMUNICATION

BCP will always write and speak to you in English.

24. FORCE MAJEURE

In the event of any failure, interruption or delay in the performance of its obligations resulting from the breakdown, failure or malfunction of any telecommunications or computer service, industrial disputes, failure of any third party to carry out its obligations, acts of governmental or supranational authorities, or any other event or circumstance whatsoever not reasonably within its control, BCP and/or the Custodian may be unable to fulfil its financial responsibilities in the market then your ability to realise your Investment may be restricted and BCP and/or the Custodian shall not be liable or have any responsibility of any kind for any loss or damage you incur or suffer as a result.

25. NO RESTRICTION ON INVESTMENT SERVICES

Nothing herein shall restrict BCP and/or the Custodian's right to provide investment services to others.

26. GOVERNING LAW

- 26.1 These Terms and Conditions and all non-contractual obligations arising out of or in connection with them shall be governed by Irish law and will become effective on acceptance by BCP of your signed Application Form.
- 26.2 The issue of the Certificate is governed by English law and your rights relating to that instrument may differ were it subject to Irish law.
- 26.3 If there is a conflict between these terms and conditions and the terms and conditions of the relevant Certificate then the Certificate's Terms and Conditions shall have supremacy.
