

BCP Target Coupon Bond

This is a capital at risk product.

An equity investment strategy that targets a coupon of 5% a year whilst providing exposure to a portfolio of 75 larger companies from across Europe, with the highest ESG scores and the strongest financial indicators. The Bond aims to provide a coupon linked to the performance of these companies but with significant capital protection features

OVERVIEW

- The aim of the Bond is to provide a potential return equivalent to 5.0% p.a. and return your capital in full at the end of the 10 year Term, or earlier
- Potential coupon of 5.0% per annum if the Fund is at or above 80% of Initial Fund Level on any annual observation date
- Memory feature means that any missed coupons are payable if the Fund is at or above 80% of Initial Fund Level on any subsequent annual observation date
- The Bond has the potential to mature early – if the Fund is at or above 100% of Initial Fund Level at any annual observation date from the end of year 3 onwards the product will return the initial capital and pay the 5.0% coupon (and pay any previous missed coupons). No coupons will be paid for future years
- Underlying Europe Evolution Fund provides exposure to a portfolio of 75 larger companies from across Europe, with the highest ESG scores and the strongest financial indicators. The fund includes a risk control mechanism designed to manage the amount of volatility the fund is exposed to
- Capital is fully protected unless the underlying Fund is more than 50% below its initial level at maturity, where you will lose the same % by which the Fund has fallen. This is a capital at risk product. Societe Generale is the Guarantor and SG Issuer is the Issuer of the Bond. In the event Societe Generale fails to meet its liabilities, you could lose some or all of your money
- Minimum investment €20,000 (Increments of €1,000). Reduced minimum investment of €5,000 where the investor completes the investment in full through vespro.bcp.ie
- Closing Date 12th November 2021

This marketing material has been drafted by BCP. BCP TARGET COUPON BOND

SUMMARY

Name of Product	BCP Target Coupon Bond (the "Bond")
Target Market	Individuals, Pensions, Charities, Corporates, ARF, AMRF, PRB, SSAP and PRSA investors, who receive investment advice. Investors will be treated as retail clients as categorised within the meaning of MiFID. See Page 16 for further detail on the Target Market
Investment Term	Maximum 10 years with annual early maturity opportunities after 3 years
Issuer	SG Issuer, with SG Issuer guaranteed by its parent Societe Generale
Underlying Asset	Europe Evolution Fund (the "Fund")
Return of Capital	This is a capital-at-risk product. At maturity, investors will receive 100% of their capital if the Fund level at maturity is not more than 50% below its starting level. At maturity, if the Fund is more than 50% below its starting level then investor's capital will be reduced by 1% for every 1% fall in the Fund.
Coupon Barrier	Fund level must be equal to or above 80% of Initial Fund level on any annual observation date.
Memory Feature	Any missed coupons become payable if the Fund is at or above 80% of Initial Fund Level on any subsequent annual observation date.
Early Maturity Barrier	If the Fund is at or above 100% of Initial Fund Level on any annual observation date from the end of year 3 onwards the product will return the initial capital and pay the 5.0% coupon (and pay any previous missed coupons if applicable).
Observation Dates	The Fund level will be observed on the following dates: 21st November 2022; 20th November 2023; 19th November 2024; 19th November 2025; 19th November 2026; 19th November 2027; 20th November 2028; 19th November 2029; 19th November 2030.
Potential Investment Return	The 5.0% coupon is paid on each anniversary if the Fund is at or above 80% of Initial Fund Level on the annual observation date. A memory feature means that any missed coupons are payable if the Fund is at or above 80% of Initial Fund Level on any subsequent annual observation date. If the Fund is at or above 100% of Initial Fund Level on any annual observation date from 19th November 2024, the Bond will mature and investors will receive 100% of the capital invested plus the 5.0% coupon (plus any previous missed coupons). If an early maturity is not triggered after 3 years, the Fund level will continue to be observed on the annual observation date all the way to the end of the Term. If the Bond does not mature early but the Fund finishes at or above 80% of Initial Fund Level on the Final Valuation Date after 10 years then investors will receive 100% of initial capital invested plus the 5.0% coupon (plus any previous missed coupons). Therefore, the Fund value can fall by up to 20% over the 10 year term and investors can still earn a +50% return.
Minimum Return	0.0%
Maximum Return	50.0% Gross (CAR 4.1%)
Minimum Investment	€20,000 (Only increments of €1,000); a reduced minimum of €5,000 will apply where applications are completed in full in vespro.bcp.ie .
Initial Valuation Date	19th November 2021
Initial Fund Level	Official closing price of the Fund on the Initial Valuation Date.
Final Valuation Date	19th November 2031
Classification	A listed Note (Senior unsecured debt). A MiFID complex product.
Listing	Irish Stock Exchange
Risk Category	BCP classifies investors into 4 broad categories depending on their approach to risk and rewards; Conservative, Cautious, Balanced and Growth. The BCP Target Coupon Bond is considered appropriate for Balanced investors.
Tax Treatment	All investment returns will be paid gross of tax, please refer to page 17 for more details.

CAR is Compound Annual Return.

Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before 3rd December 2031 you may lose some or all of the money you invest. Warning: The value of your investment may go down as well as up. You may get back less than you invest.

WHO IS THE BOND INTENDED FOR?

Investors are likely to have a slightly positive or neutral long term investment view on the Fund. They are looking for growth or a potential coupon of 5.0% a year and do not expect the Fund to fall by more than 50% over the investment Term. Investors are prepared to put their capital at risk.

Investors are prepared to invest for the full term. The product does provide liquidity, however, investors should have an emergency fund and carefully read the liquidity provisions in this Brochure.

INTRODUCTION

The BCP Target Coupon Bond offers investors a number of features that a typical investment product cannot. The most important of which are:

- An ability to earn a strong fixed annual coupon provided the underlying fund has not fallen by more than 20%
- An ability to get equity-linked performance without having to take on direct equity market risk
- An ability to generate positive performance in flat or falling markets
- 100% of invested capital will be returned at maturity provided that the underlying Fund has not fallen by more than 50%.

This Bond has a maximum Investment Term of 10 years and is linked to the performance of a European equity Fund that is focused on 75 larger companies from across Europe, with the highest ESG scores and the strongest financial indicators. The aim of the Bond is to generate a return equivalent to 5.0% p.a., and return your initial investment at Maturity, if not before.

In order for this to happen, the Fund must close at or above 80% of Initial Fund Level on any annual observation date or final valuation date.

This Bond includes a protection barrier set at 50% of Initial Fund Level. If the Bond continues to Maturity and the Fund is at or above 50% of Initial Fund Level, but below 80% of Initial Fund Level, on the Final Valuation Date the Bond will return your initial investment in full (i.e. no coupon is paid in this year and any previous missed coupons will not be paid). However, if the Fund has fallen by more than 50% on the Final Valuation Date (i.e. below the 50% protection barrier) your capital will be at risk and you will lose 1% for every 1% drop in the Fund performance and no coupon or previous missed coupons will be paid.

The Bond's ability to pay the coupon and return your capital at Maturity is also dependent on the solvency of Societe Generale as the Guarantor. If Societe Generale defaults or becomes insolvent during the Investment Term your capital and Returns are at risk.

WHY A 10 YEAR TERM

The primary objective when putting a product like this together is maximising the potential for the investor to make a return and minimising the likelihood of capital loss. By extending the term of the Bond out to 10 years we are providing more annual observation

points and therefore more opportunities for the Bond to pay the coupon. Also the longer the term of the product the higher the % return/coupon we can negotiate with the issuing Bank, on behalf of the investor.

ABOUT THE UNDERLYING FUND

INTRODUCTION

The Fund underlying this bond is a rules based fund, run by Lyxor Asset Management, called the Europe Evolution Fund. The objective of the Fund is to provide exposure to a portfolio of 75 larger companies from

across Europe, with the highest ESG scores and the strongest financial indicators. The Fund includes a risk control mechanism designed to manage the amount of volatility the fund is exposed to.

KEY FEATURES OF THE FUND

STOCK SCREENING

Investment Universe

200 largest market capitalisation stocks from across Europe

ESG Screen

The 150 stocks with the highest MSCI ESG rating scores are selected

Quality Selection

The 75 stocks with the highest Financial Quality scores (Piotroski and Merton Scores) are selected

PORTFOLIO CONSTRUCTION

Allocation

The allocation to each of the 75 selected stocks is determined by optimising weightings to achieve the lowest overall portfolio volatility with each stock receiving an allocation between 0.66% and 3.33%

Volatility Control

The fund contains a risk/volatility control mechanism designed to keep overall portfolio volatility close to 15%

Rebalancing

- Volatility control mechanism is reviewed weekly
- Stock allocations are reviewed monthly
- Stock selection is reviewed quarterly

DIVIDENDS

The Fund performance is net of a fixed annual dividend of €5 which is removed before calculating the final unit price on a daily basis. The Fund firstly reinvests dividends paid by companies in the Fund and then removes an annual fixed dividend of €5. This fixed dividend of

€5 may be higher than the actual dividends paid by the companies in the Fund and can act as a drag on the performance of the Fund in this situation. The unit price of the Fund as at 14th September 2021 is €121.97.

MORE ABOUT THE FUND

ESG Rating

The Fund uses MSCI rating criteria to evaluate a company’s Environmental, Social and Governance (ESG) credentials.

In addition to looking at company-level data these factor in criteria specific to each industry sector and sub-sector.

This enables a company’s ESG score to be assessed, not just in isolation, but in the context of the specific ESG issues relevant to the sector it operates in.

The 150 stocks with the highest MSCI ESG ratings are selected from the investable universe.

Quality Selection

Quality investing is a recognised investment style which looks to the enduringly simple principle that quality businesses have a greater likelihood of delivering quality returns. So rather than looking for valuation anomalies or momentum stocks, a quality investor seeks out businesses which they feel will stand the test of time. In assessing quality, the Europe Evolution Fund uses two well established metrics.

Piotroski Score – this is a score which reflects nine criteria used to determine the financial strength of a company across its profitability, debt & source of funds and operating efficiency.

Merton Score – this is a score derived from an analysis model used to assess the credit risk of a company’s debt.

Volatility Control

The fund contains a volatility/risk control feature that is designed to keep the overall Fund volatility close to 15%. The aim of the volatility control mechanism is to reduce significant price fluctuations of the fund and in particular the impact of market downturns during which volatility tends to increase.

When the realised volatility of the fund (over the previous 120 business days) increases above 15%, exposure to the portfolio of stocks will be reduced. Similarly when realised volatility falls below 15%, exposure will be increased up to a maximum of 150%.

For example:

LEVEL OF VOLATILITY	FORMULA	FUND EXPOSURE
8%	15% target / 8% actual	150% (Maximum)
12%	15% target / 12% actual	125.00%
16%	15% target / 16% actual	93.75%
20%	15% target / 20% actual	75.00%

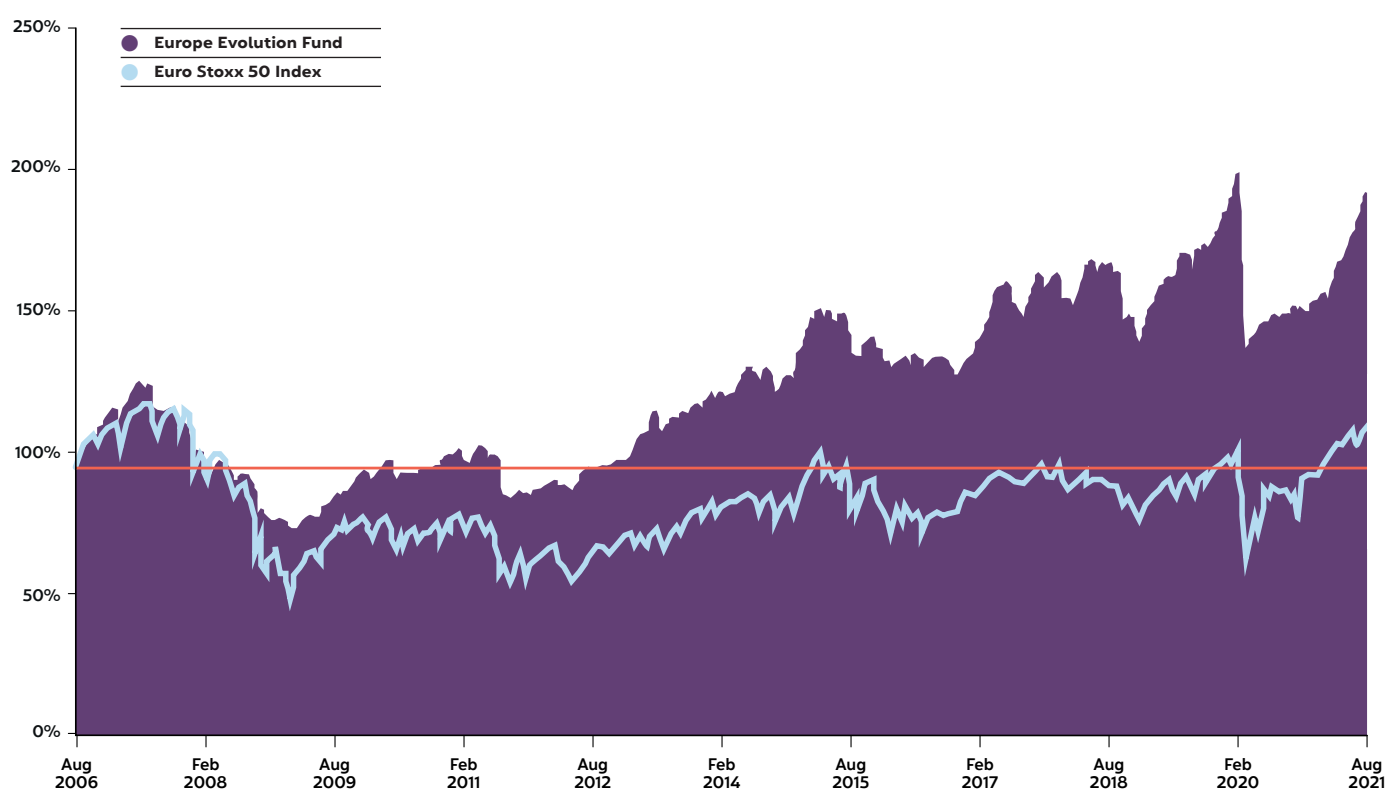

ACTUAL AND SIMULATED PAST PERFORMANCE

The underlying Fund was officially launched in July 2020 so the below analysis is a combination of a short period of live performance and a longer period of back-tested or simulated performance generated by replicating the exact rules of the Fund back to July 2006. We have compared the performance of the Fund (live and simulated) to the Euro Stoxx 50 Index, which is the benchmark for European equity performance and a commonly used yard stick for European investors assessing local equity market performance.

As there is 15 year's performance to assess the below is being provided as a basic illustration of the performance this Fund would have exhibited over a long period that has contained periods of strong growth as well as market

corrections such as the financial crisis in 2008 and the more recent impact of the COVID-19 pandemic. Since the pandemic, all equity markets have exhibited higher levels of volatility which is why we believe this Bond provides an ideal combination of strong potential return from a broad selection of financially strong European companies, with a risk management overlay that protects investor capital against up to a 50% fall in the Fund value in 10 years time.

In the below chart the red line indicates a point that is 50% below the value of the Fund underlying this Bond on 31st August 2021. This is to illustrate how far the Fund would have to fall in 10 years' time for capital to be lost, assuming the starting point was 31st August 2021.

	YTD	1 YEAR	3 YEARS PA	5 YEARS PA	10 YEARS PA	15 YEARS PA
Europe Evolution Fund	25.73%	29.46%	4.92%	7.60%	8.51%	4.51%
Euro Stoxx 50 Index	18.12%	28.23%	7.34%	6.78%	6.19%	0.65%

Source: Bloomberg as of 31st August 2021. Performance is quoted net of fees and gross of tax. The Europe Evolution Fund was launched on 6th July 2020 so performance prior to this date is simulated.

Warning: Actual or simulated past performance is not a reliable guide to future performance.

PA is Per Annum.

FUND ALLOCATIONS – SECTOR AND GEOGRAPHY

SECTORAL ALLOCATION

HOW DOES THE BOND WORK?

BOND STRUCTURE

Investors in the BCP Target Coupon Bond are investing in a 10 year Note issued by SG Issuer and guaranteed by Societe Generale. BCP Asset Management is the distributor of the Bond and European Depository Bank SA, Dublin Branch, will act as the Custodian of the Note on your behalf. A custody account will be set up in the name of BCP, who will hold the Note on behalf of investors at European Depository Bank

SA, Dublin Branch. European Depository Bank SA, Dublin Branch is supervised by the Commission de Surveillance du Secteur Financier (CSSF) in Luxembourg and is regulated by the Central Bank of Ireland for conduct of business rules. Societe Generale has not sponsored or endorsed the Bond in any way.

POTENTIAL COUPONS AND EARLY MATURITY

The 5.0% coupon is paid on each anniversary if the Fund is at or above 80% of Initial Fund Level on the annual observation date. A memory feature means that any missed coupons are payable if the Fund is at or above 80% of Initial Fund Level on any subsequent annual observation date.

If the Fund is at or above 100% of Initial Fund Level on any annual observation date from 19th November 2024, the

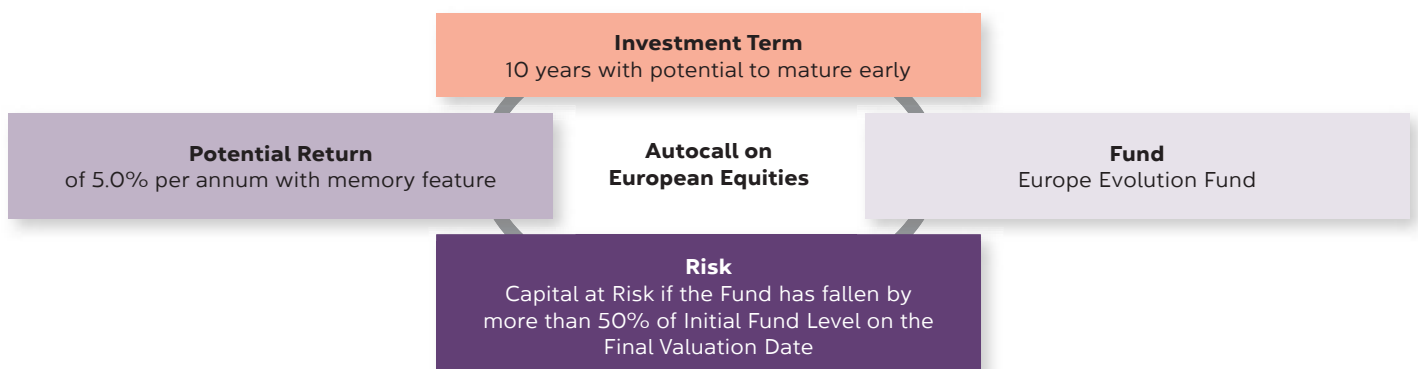

Bond will mature and investors will receive 100% of the capital invested plus the 5.0% coupon (plus any previous missed coupons). If an early maturity is not triggered after 3 years, the Fund level will continue to be observed on the annual observation date all the way to the end of the Term or earlier maturity.

MATURITY AFTER 10 YEARS

If the Bond continues to the end of year 10, then the following will apply:

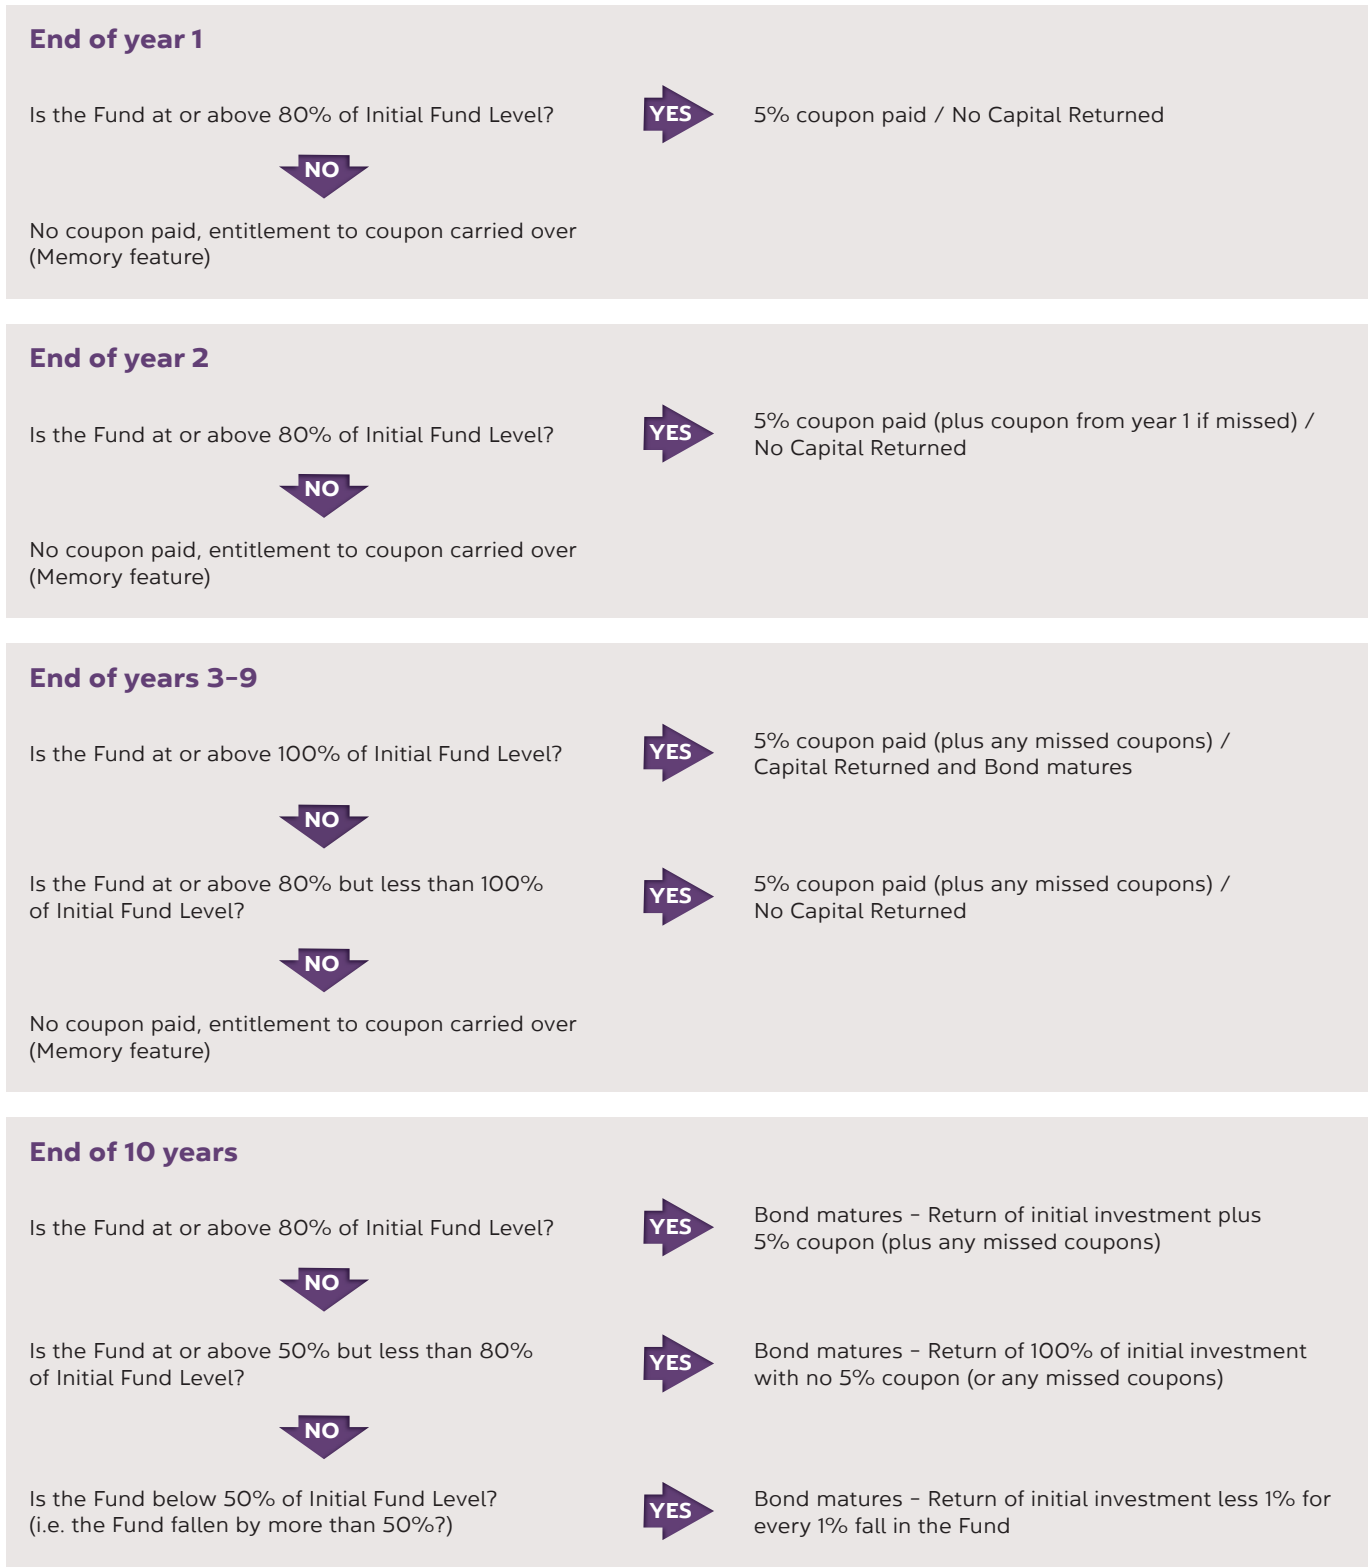

- If the Fund is at or above 80% of Initial Fund Level on the Final Valuation Date you will receive back 100% of your initial investment plus the 5.0% coupon (plus any previous missed coupons).
- If the Fund is lower than 80% of Initial Fund Level on the Final Valuation Date you will receive back 100% of your initial investment (and no coupons will be paid), as long as the Fund is not more than 50% below the Initial Fund Level.

→ If the Fund has fallen by more than 50% of Initial Fund Level on the Final Valuation Date your initial investment will be reduced by 1% for every 1% fall in the Fund. For example if the Fund falls by 60%, then your initial investment will be reduced by 60%, as if you held the Fund directly.

ILLUSTRATING HOW THE BOND WORKS?

The diagram below illustrates the potential returns for investors in the Bond. This is a 10 year product with the potential for early maturity, subject to the performance of the Fund.

Warning: If you invest in this product you may lose some or all of the money you invest.

ILLUSTRATION OF POTENTIAL RETURN SCENARIOS FOR INVESTORS

The tables below illustrate potential investment scenarios to assist in explaining how this Bond operates.

Scenario 1 – product runs for 5 years

SCENARIO 1	FUND LEVEL	COUPON	EARLY MATURITY
End Year 1	105% of Initial Fund Level	5% coupon paid	N/A
End Year 2	78% of Initial Fund Level	No coupon paid	N/A
End Year 3	83% of Initial Fund Level	10% coupon paid	No – level below 100%
End Year 4	95% of Initial Fund Level	5% coupon paid	No – level below 100%
End Year 5	103% of Initial Fund Level	5% coupon paid	Yes – level above 100%

Scenario 2 – product runs for 10 years

SCENARIO 2	FUND LEVEL	COUPON	EARLY MATURITY
End Year 1	105% of Initial Fund Level	5% coupon paid	N/A
End Year 2	90% of Initial Fund Level	5% coupon paid	N/A
End Year 3	75% of Initial Fund Level	No coupon paid	No – level below 100%
End Year 4	78% of Initial Fund Level	No coupon paid	No – level below 100%
End Year 5	85% of Initial Fund Level	15% coupon paid	No – level below 100%
End Year 6	95% of Initial Fund Level	5% coupon paid	No – level below 100%
End Year 7	84% of Initial Fund Level	5% coupon paid	No – level below 100%
End Year 8	73% of Initial Fund Level	No coupon paid	No – level below 100%
End Year 9	75% of Initial Fund Level	No coupon paid	No – level below 100%
End Year 10	77% of Initial Fund Level	No coupon paid	Clients receive back 100% of initial capital as Fund is not more than 50% below Initial Fund Level

Warning: The figures above are provided only to demonstrate how the Bond works; they should not be taken as an indication of potential returns. The return to you will depend on the actual performance of the Fund which cannot be predicted in advance. Warning: The value of your investment may go down as well as up, you may get back less than you invest.

SIMULATED PAST PERFORMANCE

In order to demonstrate how the Bond would have performed in the past Societe Generale carried out a series of tests to determine the simulated past performance applying the same parameters of the Bond to historic and simulated Fund returns from the first

available date. Back testing data runs from 31st March 2006 to 31st August 2011 as the simulation needs to run for the full 10 year term before it can be included in the back testing. There are 1,414 observable simulations providing the following results:

- Investors received a positive investment return 100% of the time.
- Investors received their capital plus a return of 5% per annum return after 3 years (i.e. at the first kick-out observation point) 62% of the time.
- Investors received their capital plus a return of 5% per annum between the end of year 4 and the end of year 8 (i.e. in back testing the product always matured early and did not run for the full 10 years) 38% of the time.
- Investors received return of their capital, without a gain, 0% of the time.
- Investors suffered a capital loss 0% of the time.

Source: Societe Generale as of September 2021. Backtested and simulated performance is provided for information only. Past and simulated performance is not a reliable indicator of future returns. There is no guarantee that the strategy will operate in a manner consistent with past performance and simulated analysis. Performance is shown net of fees and gross of tax. Societe Generale provides no assurance or guarantee that the product will operate or would have operated in the past in a manner consistent with the above backtesting analysis.

Warning: Simulated past performance is not a reliable guide to future performance.

IN SUMMARY

The Bond is an equity based investment strategy that is focused on larger European companies across Europe, with the highest ESG scores and the strongest financial indicators and provides for multiple opportunities for investment returns to be generated while providing high levels of capital protection.

The Bond:

- Is 10 years in term to maximise return potential and minimise risk of capital loss
- Can pay a coupon equivalent to 5.0% per annum if the Fund is at or above 80% of Initial Fund Level on any observation date or Final Valuation Date.
- Has annual early maturity opportunities after 3 years.
- Will protect investor's capital at maturity up to a 50% fall in the Fund value. After which point investors will lose 1% for every 1% fall in the Fund.

Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest. Warning: The value of your investment can go down as well as up. You may get back less than you invest.

WHAT ARE THE RISKS INVOLVED IN THE BOND?

-
- **Risk of Capital Loss** – Your capital is at risk if the Fund falls by more than 50% of the Initial Fund Level at maturity. Your capital will be reduced by 1% for every 1% fall in the value of the Fund at the end of the Bond. You may lose some, or all, of your investment amount.
-
- **Counterparty/Credit Risk** – Societe Generale. If the Issuer and Guarantor become insolvent or cannot make the payments on the Bond for any other reason, you will lose some or all of your investment.
- Your investment in the Note ('the instrument/'the security') with Societe Generale ('the institution') is subject to the Bank Recovery and Resolution Directive. Below we provide some information on the potential treatment of investments in resolution or insolvency.
- the instrument is unsecured and therefore subject to the resolution regime or normal insolvency if the institution fails;
 - the impact of the institution's failure on investors depends crucially on the ranking of the liability in the insolvency creditor hierarchy (which may have changed because of the introduction of depositor preference), on the amount of losses incurred and on the resolution strategy applied;
 - in the event of resolution:
 - the outstanding amount may be reduced to zero or the security may be converted into ordinary shares or other instruments of ownership for the purpose of stabilisation and loss absorption;
 - a transfer of assets to a bridge bank or in a sale of business may limit the capacity of the institution to meet repayment obligations, or may result in partial losses or no losses if the relevant liabilities are also transferred;
 - the maturity of instruments or the interest rate under these instruments can be altered and the payments may be suspended for a certain period;
 - the liquidity of the secondary market in any unsecured debt instruments may be sensitive to events in financial markets;
 - existing liquidity arrangements (for example repurchase agreements by the issuing institution) might not protect clients from having to sell these instruments at a substantial discount below their principal amount, in the event of financial distress of the issuing institution;
 - liability holders have a right to compensation if the treatment they receive in resolution is less favourable than the treatment they would have received under normal insolvency proceedings (as a consequence of the application of the 'no creditor worse off' principle). This assessment must be based on an independent valuation of the institution. Compensation payments, if any, may be considerably later than contractual payment dates (in the same way that there may be a delay in recovering value in the event of an insolvency), although resolution, in principle, preserves value compared with insolvency
-
- **Inflation Risk** – Any inflation during the term of the Bond will reduce the real value of your investment over time.
-
- **Investment Risk** – Should the Fund increase by more than the returns provided by the Bond, you would not receive the benefit of any additional investment return above that provided by the Bond.
-
- **Concentration Risk** – Your investment in the Bond should only be considered as part of your overall investment portfolio. You should not put all, nor a large part, of the money you have available for investment into any one product, or with any one counterparty.
-
- **Market Risk** – External factors could affect national economies, regions or an asset class and cause a fall in value of the equity markets and could influence the returns payable under the Bond.
-
- **Liquidity Risk** – This product entails a materially relevant liquidity risk. Certain exceptional market circumstances may have a negative effect on the liquidity of the product. The investor may not be able to sell the product easily or may have to sell it at a price that significantly impacts how much he/she gets back, this may entail a partial or total loss of the invested amount.
-
- **Secondary Market Risks** – Societe Generale intends, under normal market conditions, to provide bid and offer prices for this Bond on a regular basis. However, Societe Generale makes no firm commitment to provide liquidity by means of bid and offer prices for this Bond, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. Potential Investors therefore should not rely on the ability to sell this Bond at a specific time or at a specific price. In special market situations, where the Issuer is completely unable to enter into hedging transactions, or where such transactions are very difficult to enter into, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks of the Issuer. In the event of a repurchase of your investment by Societe Generale, the costs and charges will be equal to the difference between the fair value of your investment as determined by Societe Generale and the price at which Societe Generale actually buys the product.
-
- **Early Redemption Risk** – If the Bond is sold before the Final Maturity Date then the value of the Bond may be less than the original investment amount and the investor may lose some or all of the invested amount.
-
- **Lack of Compensation Scheme Protection** – Your investment is not covered by any investor compensation schemes in the event of a default of Societe Generale.
-
- **Taxation Risk** – Current Irish taxation legislation does not allow for a clear categorisation of the product as being subject to Capital Gains Tax. There is a risk an alternative taxation basis may apply.
-

- **Fixed Dividend Risk** – This fixed dividend may be higher than the actual dividends paid by the companies in the Fund and can act as a drag on the performance of the Fund.
- **Volatility Risk Control Mechanism** – In the event of a sudden and significant market decline, itself followed by a sharp increase, the Volatility Risk Control adjustment mechanism may result in temporary underexposure and therefore a period of underperformance. When the market is stable or rising, followed by a sudden and sharp decline, the Volatility Risk Control adjustment mechanism can result in temporary overexposure leading to a period of underperformance.
- **Leverage** – This product includes embedded leverage, which amplifies the variation, upwards or downwards, in the value of the underlying instrument(s).

Before making any investment in this product Investors should refer to the prospectus and final terms associated with it; these are available on request. It is recommended that investors read carefully the “risk factors” section of the Bond’s prospectus.

Warning: If you invest in this product you may lose some or all of the money you invest. Warning: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest. Warning: The value of your investment can go down as well as up. You may get back less than you invest.

COUNTERPARTY SELECTION

Societe Generale is the guarantor of the BCP Target Coupon Bond. SG Issuer will act as the issuer of the product and investors will have capital exposure to the senior counterparty risk of Societe Generale. In the event of a senior debt default by Societe Generale investors’ capital is at risk.

Societe Generale is ultimately responsible for the payment of any return of capital and any investment return due from the Note. As a result it

is imperative that a counterparty is selected with a strong and sound financial profile and high credit strength. Investors in the BCP Target Coupon Bond should familiarise themselves with the counterparty risk they are exposed to and the information below provides some of the key facts and figures behind Societe Generale which led BCP to select them as the preferred Guarantor for this product:

SOCIETE GENERALE

- Societe Generale is one of the largest European financial services groups with more than 133,000 employees in 62 different countries as at 30th June 2021.
- Societe Generale’ market capitalisation as of August 2021 was €21.86 billion.
- Societe Generale is a French credit institution (bank) authorised and supervised by the European Central Bank (‘ECB’) and the Autorité de Contrôle Prudentiel et de Résolution

(ACPR) (the French Prudential Control and Resolution Authority), regulated by the Autorité des marchés financiers (the French financial markets regulator) (AMF) and subject to limited regulation by the Financial Conduct Authority and Prudential Regulation Authority in the UK for its activity conducted in the UK.

- Societe Generale current credit ratings as of September 2021 are in the table below.

CREDIT RATING	FITCH	MOODY’S	STANDARD & POOR’S
Societe Generale	A (Stable)	A1 (Stable)	A (Stable)

- SG Issuer is a 100% owned subsidiary of Societe Generale and will act as Issuer of the BCP Target Coupon Bond.
- The return of your invested capital and any growth due is dependent on Societe Generale paying back the

amounts due under its obligations on the Note. Consequently, the investor bears a credit risk on the Guarantor. This is called Counterparty Risk or Credit Risk.

Warning: If Societe Generale were to default, you will lose some or all of your investment and potential return.

CREDIT RATINGS

One of the factors you may wish to take into account when reviewing a counterparty is its long term credit ratings. These are the opinions of a range of credit rating agencies regarding the long term security of the counterparty.

A high rating of a counterparty from one or more of the credit rating agencies is not a guarantee that the Issuer will meet its obligation to pay the amount due from the Bond. Fitch, Moody's and Standard & Poor's are independent ratings agencies that research and grade the ability of financial and other institutions to make the payments due from the Securities issued and/or guaranteed by them.

By way of example, Standard & Poor's highest possible rating is AAA, followed by AA and A. These three ratings along

with their BBB rating are generally regarded as investment grade (i.e. of higher quality). All of these ratings, except the AAA rating, can also be modified by a plus or a minus to give a counterparty's relative status within the grade; for example, A+, A, A- for the A rating. A rating outlook assesses the potential direction of a long term credit rating view over the intermediate term. The term considered varies between credit rating agencies; Fitch looks at a 12 to 24 month period, Standard & Poor's a 6 to 24 month period, while Moody's says its outlooks are 'over the medium term'. In determining a rating outlook, consideration is given to any changes in the economic and fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future credit watch action.

→ **POSITIVE** means that a rating may be raised.

→ **NEGATIVE** means that a rating may be lowered

→ **STABLE** means that a rating is not likely to change

→ **UNDER REVIEW**, either positive or negative means a rating may be raised or lowered in the short term.

All references to the credit rating are correct as at September 2021. Credit ratings are subject to change during the offer period and during the term of the Bond. Ongoing information about the ratings of the Counterparty is available

from BCP and we will, where appropriate, include information relating to credit ratings in your periodic valuation statements. Please refer to your financial adviser if you have any queries regarding credit ratings.

Don't forget, you

TARGET MARKET ASSESSMENT / IS THIS BOND RIGHT FOR YOU?

This Bond is categorised by BCP as a Balanced risk product and is designed for investors who want to earn a return based on the performance of European equities. BCP have designed this Bond with specific investors in mind, defined as the 'Target Market'. When considering

an investment you should review the below criteria to assist in determining if this investment is right for your own particular situation, and you are therefore within the Target Market we had considered.

INSIDE THE TARGET MARKET

- You are seeking an investment return and are prepared to risk losing some or all of your initial investment
- You understand that the return of capital is based on the performance of the Fund
- You understand that capital loss will occur if the Fund falls by more than 50% in value at maturity
- You want to benefit from the performance of the Fund
- You have some knowledge of, and experience in, investments which allows you to understand the risks associated with this investment.
- You understand the return potential and how the return is generated
- You are willing to invest for a period up to 10 years
- You are an individual, ARF/AMRF, Pension Fund, Religious Order, Charity or Corporate investor with a minimum of €20,000 or more (in increments of €1,000) to invest
- You understand that if Societe Generale was to default, you will lose some or all of your investment and potential return

OUTSIDE THE TARGET MARKET

- You are not willing to risk any of your capital
- You may need immediate access to your money before maturity
- You do not have sufficient knowledge of or experience in investments to understand the risks associated with this investment
- You cannot commit to the full 10 year Term
- You want a guaranteed return on your investment
- You want to add to your investment on a regular basis
- You wish to invest in products which qualify for an investor compensation scheme

Warning: Certain investments may carry a higher degree of risk than others and may therefore be unsuitable for some investors.

TAXATION

The Bond is a listed Note and all investment returns will be paid gross of tax. The current Irish legislation surrounding Capital Gains Tax (CGT) does not allow for a clear categorisation of such products as being subject to CGT. Similar products that have been marketed in Ireland for over a decade now have been subject to CGT. Based on this practice and on independent

taxation advice received, it is our understanding that this product should be subject to CGT. Revenue law and practice can change at any time. BCP are not tax advisers and are not offering tax advice on this product. Investors should satisfy themselves independently of the taxation treatment of the Bond in relation to reporting requirements and the implications of non-disclosure.

CHARGES

There is a total fee of 4.50% (or €900 for an investment of €20,000) built into the terms of the Bond. 100% of your investment is allocated to the Bond and any performance returns generated are based on 100% of the invested capital, not your invested capital minus the fee. There are no annual management fees. From the total fee received, European Depositary Bank SA, Dublin Branch will receive 0.3% (or €60 for an investment of €20,000) for custody and execution services. If you have invested via an authorised investment intermediary they will be paid a fee of 2.0% (or €400 for an investment of €20,000). This fee is payable to BCP if you do not deal with us through an intermediary. BCP Asset Management will receive a fee of 2.2% (or €440 for an investment of €20,000) for the distribution, marketing and administration of the Bond. The fee payable to BCP quoted above may vary depending on the fee payable to BCP by SG Issuer on any subsequent increases or decreases to the initial amount hedged for this product. The fee to BCP

will depend primarily on the option price, the market interest rate and the Bank's funding rate at the time. The actual % payable to BCP will be notified to you after the start date of this product. In addition to this commission we may receive from or provide to our counterparties and/or intermediaries minor non-monetary benefits which may arise in the normal course of business (e.g. attendance at training, conferences or off site meetings that may include a minor sustenance).

In relation to any withdrawal outside of the early and final maturity dates a 0.5% (or €100 for an unwind of €20,000) administration charge (subject to €100 minimum charge) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested). SG Issuer may, in normal market conditions, apply a charge which is equivalent to a deduction from the realised market value of no greater than 0.5%.

WHAT IS A NOTE?

A Note is an instrument issued by a bank that confers a debt obligation on the bank to the benefit of the investor. A Note can therefore be classified as a bank debt security or a bank bond. This is a senior preferred unsecured debt

instrument that ranks equally with all other senior preferred unsecured debt issued by SG Issuer. This Note is listed on the Irish Stock Exchange and can therefore be generally classified as a listed bond.

CAPITAL SECURITY

The BCP Target Coupon Bond is not a hard capital protected product. The capital security being offered is conditional on the performance of the Fund and will not apply if the Fund falls by more than 50% at maturity from the Initial Fund Level. The security of your

capital is also dependent on the credit worthiness of Societe Generale and if Societe Generale defaults on its senior debt you may lose some or all of the capital invested and any unpaid returns.

QUESTIONS & ANSWERS

DO I HAVE ACCESS TO MY INVESTMENT?

You should only invest in this Bond if you do not need access to your money for 10 years. While there are early redemption opportunities every year after 3 years to receive a return of your capital, this cannot be guaranteed. While the Note is a listed instrument

and Societe Generale aims to provide a secondary market under normal market conditions the value will be subject to the prevailing market rate at that time, it may be less than the amount invested and an administrative charge will also apply.

WHERE DOES MY INVESTMENT GO?

The Note is issued by SG Issuer and SG Issuer is fully guaranteed by Societe Generale. BCP has appointed European Depository Bank SA, Dublin Branch (EDB) who are authorised to act as the custodian of the Note. Investor funds will be transferred from BCP to EDB and funds will be transferred to Societe Generale before the Start Date. At the

Final Maturity Date funds will be transferred back to EDB who in turn will return the funds to BCP. BCP will advise you of the amount received and request your written instructions. All funds in EDB will be held with other clients' assets as part of a common pool. For full details please refer to Section 4 in the Terms and Conditions on page 20.

WHAT HAPPENS IF I DIE?

In the event of the death of a sole investor prior to the expiry of the Term:

a) the Bond may be transferred into the name(s) of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or

b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP based on a calculation by Societe Generale. The amount redeemed may be more or less than the capital invested.

Where the Bond is held in joint names it will, upon the death of one of the

investors and upon production of such evidence of death as BCP may require, be transferred into the name(s) of the surviving investor(s).

Where an investment is made on behalf of a self-directed or self-administered pension plan, in the event of death of a member prior to the expiry of the term, the Bond may be redeemed at its realisable value as determined by BCP based on a calculation by Societe Generale which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.

CHECKLIST FOR INVESTORS

INDIVIDUALS

- Please complete the BCP application form in full.
- Please provide a certified copy of photo ID for each investor. The photo ID must not have expired, must be clear and in the name of the investor.
- Please provide a certified copy (or original) of address verification for each investor dated in the last 6 months.
- Where you have paid by non personal cheque (e.g. Bank or Credit Union draft) please provide the bank account details (on application form) from which the draft was drawn and provide a second proof of address verification for each investor.

SELF-DIRECTED ARF, AMRF, PRB, PRSA & SSAP

- Please complete the BCP application form in full.
- Please provide a certified copy of photo ID for the beneficiary. The photo ID must not have expired, must be clear and in the name of the beneficiary.
- Please provide a certified copy (or original) of address verification for the beneficiary dated in the last 6 months.
- Please provide a copy of Revenue Approval for SSAPs.

BCP ARF/AMRF OR BCP PRB INVESTORS

- Please complete the BCP ARF/AMRF or BCP PRB application form in full.
- Please provide a certified copy of photo ID for the beneficiary. The photo ID must not have expired, must be clear and in the name of the investor.
- Please provide a certified copy (or original) of address verification for the beneficiary dated in the last 6 months.
-  **For Corporates, Charities & Trusts (i.e. any non individual investor) a Legal Entity Identifier (LEI) is required prior to investing. Please contact BCP for further requirements. For Non Resident personal investors please contact BCP for further requirements.**

INTERMEDIARY CHECKLIST

- Intermediary Firms must be authorised for 'Listed Shares & Bonds' in order to advise on this product. Individual advisers must meet the requirements of the Central Bank's Minimum Competency Code relating to Savings and Investments. Advisers who are Grandfathered must also ensure that on their Statement of Grandfathered Status they have been Grandfathered in respect of section 3. Savings & Investment e) - 'Listed Shares & Bonds'.
- The Intermediary Firm must complete the 'BCP Products Due Diligence' (if you have not previously completed it).
- This product is only available to clients who have received investment advice. As such you will need to complete a client fact find and issue your client(s) with a Suitability letter outlining why the investment is considered suitable.

 'U.S. Person': a U.S. Person as defined in Regulation S under the U.S. Securities Act of 1933, as amended, or as defined in the U.S. Internal Revenue Code of 1986, as amended.

2. CONFIRMATION OF IDENTITY – NEW & EXISTING CLIENTS

Further to the money laundering provisions of the Criminal Justice (Money Laundering & Terrorist Financing) Act, 2010 as amended applicants and beneficial owners must provide with their application (1) copy passport or full drivers licence certified by one of the following: Garda Síochána / Accountant / Solicitor / Notary Public / Embassy Consular Staff Member / Authorised Financial Service Provider and (2) original address verification (e.g. utility bill) dated within the last 6 months. For payments by draft please provide a second form of separate address verification. Please note this applies to existing as well as new clients. Additional documentation will be required for corporate, pension and charitable organisation applicants.

3. CLIENT ORDER EXECUTION POLICY A

Client orders to BCP must be in writing, signed by the client. Clarifications of orders may be communicated by recorded telephone call. Orders will be processed according to the date they are received. They will be transmitted to the relevant entity in the order all documentation (including that required to comply with BCP's Anti- Money laundering policy) to the standard required by BCP to process the order, is received.

4. YOUR INVESTMENT

4.1 Prior to the Start Date your money will be held in a Client Asset Account in the name of BCP Asset Management DAC. Your money will be held with other clients' assets as part of a common pool so you do not have a claim against a specific sum in a specific account; your claim is against the client assets pool in general. In the case of any such pooled client account we will ensure that such account is in the name of BCP Asset Management DAC, is designated as a client asset account and that only we are entitled to issue instructions in respect of this account. This client asset account will be operated in accordance with the Irish Client Asset Regulations 2017. Funds will be transferred to the Custodian before the Start Date to facilitate the purchase of your Investment. No interest will

be paid to you in relation to the period up to the Start Date.

- 4.2 When the Custodian receives your Investment, it will allocate such monies to a custody account in the name of BCP Asset Management DAC Client Asset Account, your Investment will be held with other clients' assets as part of a common pool so you do not have a claim against a specific sum in a specific account; your claim is against the client assets pool in general. This account will be operated in accordance with the Irish Client Asset Regulations 2017.
- 4.3 The Note will be registered in the name of the Custodian, and documents of title, if any, will be kept in the custody of the Custodian.
- 4.4 After the start of the Investment, following the purchase of the Note in respect of your Investment, BCP will send you written confirmation of your Investment. We will provide you with quarterly statements for this Investment. Prices for BCP products will also be updated at least quarterly, and available to view online via vespro.bcp.ie.

5. CUSTOMER CATEGORY

BCP, as Lead Distributor, will treat you as a retail client for the purposes of MiFID. This means you will receive the highest level of MiFID protection. You may request to be treated as a professional client providing you meet additional criteria however, if you do so, you will lose some of the protections afforded to retail clients under MiFID.

6. AVAILABILITY

- 6.1 The Bond is available to individuals who are aged 18 or over investing on their own behalf, charitable/religious bodies, companies, pension funds, ARFs, AMRFs, PRBs, SSAPs and PRSAs.
- 6.2 The Bond may not be legally or beneficially owned, held, redeemed or exercised at any time by or transferred or pledged to any "U.S. Person".
- 6.3 The minimum investment is €20,000. The minimum investment is reduced to €5,000 where investments are completed in full online using vespro.bcp.ie. Only increments of €1,000 are accepted.
- 6.4 The closing date for applications is 12th November 2021 or earlier, if fully subscribed. BCP and/or the Custodian accept no responsibility for applications (i.e. completed application form(s) plus cleared funds and any other appropriate documentation if required) until they are physically received and accepted by them. Applications received after the 12th November 2021 may be accepted at the discretion of BCP and/or the Custodian.

7. CANCELLATION RIGHTS

- 7.1 You have the option to cancel your application to invest in the Bond by 12th November 2021. In order to cancel written notice must be received by BCP by 12th November 2021.
- 7.2 BCP reserves the right, at its sole discretion, not to proceed with this Bond at any time up to and including the Start Date. In such circumstances your Investment amount will be returned to you without interest.

8. WITHDRAWALS

- 8.1 Daily liquidity is available in normal market conditions. The Bond is designed to be held for the maximum 10 year term. If you need to cash in your investment early, you may, provided another party wishes to purchase it. We cannot guarantee what its value will be at that point and it may be less than you originally invested. You will be paid the value of your investment in accordance with the prevailing market rate at that time, less any associated selling cost.
- 8.2 In the event of death of a sole investor prior to the expiry of the Term: (a) the Bond may be transferred into the names of the deceased investor's personal representatives or of any other person nominated by such personal representatives, or (b) the Bond may be redeemed, subject to normal probate regulations, at its realisable value as determined by BCP and the Bank, which may be more or less than the capital invested.
- 8.3 Where the Bond is held in joint names, it will, upon the death of one of the investors and upon production of such evidence of death as BCP or the Bank require, be transferred into the name(s) of the surviving investor(s).
- 8.4 Where an investment is made on behalf of a self directed or self administered pension plan, in the event of death of a member prior to the expiry of the Term, the Bond may be redeemed, subject to the terms of the rules of the underlying scheme or policy, at its realisable value as determined by BCP and the Bank which may be more or less than the capital invested. The proceeds from such redemption will be paid to the trustees of the plan, or the investing Life Company as appropriate.
- 8.5 A 0.5% administration charge (subject to €100 minimum) payable to BCP will apply to the full realised market value (which may be more or less than the amount invested) of any withdrawal outside of the early and final maturity dates. We would need to receive an instruction from you in writing to process any early encashment of your investment. In the case of joint accounts, instructions from all parties will be required.

9. RETURNS

The Bond is designed to repay your initial investment and pay a fixed coupon of 5.0% per annum if the Europe Evolution Fund (the 'Fund') is at or above 80% of Initial Fund Level on any Coupon Observation Date. The 5.0% coupon is paid on each anniversary if the Fund is at or above 80% of Initial Fund Level on any Coupon Observation Date. A memory feature means that any missed coupons are payable if the Fund is at or above 80% of Initial Fund Level on any subsequent annual Coupon Observation Date.

There is also potential for the Bond to mature early after the end of year 3 depending on the performance of the Fund. If the Fund is at or above 100% of Initial Fund Level on any Early Maturity Observation Date from 19th November 2024, the Bond will mature and investors will receive 100% of initial capital invested plus the 5.0% coupon (plus any previous missed coupons). If an early maturity is not triggered after 3 years, the Fund level will continue to be observed on the Early Maturity Observation Date all the way to the end of the Term.

If the Bond does not mature early but the Fund finishes at or above 80% of Initial Fund Level on the Final Valuation Date after 10 years then investors will receive 100% of initial capital invested plus the 5.0% coupon (plus any previous missed coupons). If the Fund is at or above 50% but less than 80% of Initial Fund Level then initial investment will be returned with no coupons. The Bond aims to return your initial investment at maturity. However, if the Fund falls by more than 50% from the Initial Fund Level on the Final Valuation Date, your initial capital invested will be reduced by 1% for every 1% fall in the Fund at the end of the Term.

10. MATURITY/EARLY MATURITY

In the event of early maturity or at maturity, you will have the option to access your maturity proceeds, or you may have the option to reinvest the proceeds into other products which may be available at that time. Your financial adviser and BCP will contact you before maturity or after early maturity to ask your preference. At maturity or early maturity, your proceeds will be transferred back to a BCP client asset account and will be held by BCP in accordance with the Irish Client Asset Regulations 2017. If you do not provide us with an instruction, matured funds will be held in this BCP client asset account until they are returned to you by cheque or electronic funds transfer, unless BCP has notified you otherwise in writing. Negative interest may be charged on any unclaimed maturity funds.

11. JOINT INVESTMENTS

Unless otherwise agreed in writing with BCP, the withdrawal of funds after kick-out and at maturity will require the consent of all account holders. Should you wish BCP to provide statements separately to each account holder or should you wish to impose any limitations on the operations of the account, please advise BCP prior to investing in this product.

12. COMPLAINTS

Any complaint about the sale of this Bond should be made to your financial adviser or the intermediary through whom you invested or BCP Asset Management DAC, 71 Upper Leeson Street, Dublin 4, D04 XK68 if relevant. Any complaints referred to BCP relating to your Investment will be investigated thoroughly and in accordance with the BCP's Complaints Policy. Details of the Complaints Policy are available on request. If you are dissatisfied with the outcome of BCP's efforts to resolve your complaint, it is possible that you may be able to refer your complaint to the Financial Services and Pensions Ombudsman.

13. CONFIDENTIALITY

BCP observe a strict duty of confidentiality about your financial affairs. Save at your request or with your consent, BCP will not disclose any details relating to your investment to anyone else other than in the following circumstances:

- to comply with a Court Order.
- to comply with a direction or request from a statutory or regulatory body entitled to such details.
- in accordance with any applicable legislation.

14. DATA PROTECTION

BCP Asset Management DAC complies with the requirements of the General Data Protection Regulation 2018.

"Information" means any information given by you or on your behalf in connection with your Investment Application to us. Where you are not a natural person, Information also includes any information you provide to us in respect of your officers, directors or employees, in this regard the use of the term 'you' in this Section 14 Data Protection refers to you or such individuals as appropriate. Information includes any further information which may be given at a later stage either in writing, by email at a meeting or over the telephone including that furnished in connection with any application for any product/service available through us.

The Information will be used by us for the purposes of processing your applications, managing and administering your relationship with us and any products/services for which you have completed an application. The information will also be used for the prevention of money laundering, financing of terrorism or fraud, and compliance with any legal and regulatory obligations which apply to us.

The Information may be disclosed to BCP Asset Management group, third parties including, but not limited to, the intermediary acting on your behalf, product producers/service providers to which you have submitted an application or to which such submission is being contemplated, the providers of services to us, the Administrator, distributors, the Trustee and/or their respective delegates and agents of any Fund you are invested in. We may also disclose your data for legitimate business interest & legal obligations, to auditors, the Central Bank of Ireland, the Irish Revenue Commissioners, other relevant regulators and tax authorities. For further information on Foreign Account Tax Compliance Act (FATCA) or Common Reporting Standard (CRS) please refer to Irish revenue website at <http://www.revenue.ie/en/business/aeoi/index.html> or the following link: <http://www.oecd.org/tax/automatic-exchange/common-reporting-standard/> in the case of CRS only.

RIGHT OF ACCESS, RECTIFICATION OR ERASURE

You have the right at any time to request a copy of any "personal data" (within the meaning of the General Data Protection Regulation 2018 and the Irish Data Protection Act 2018) that we hold in relation to you and have it corrected if it is inaccurate or out of date. To exercise your Right of Access or to update your details under your Right of Rectification or Erasure please email your request to Dataprotection@bcp.ie.

DATA RETENTION

Information submitted by you when making an enquiry may be retained by us for a period of up to 12 months from the date of the enquiry. Investor's information will be held for a period of at least 6 years after the ending of the client relationship.

DATA SECURITY

BCP Asset Management DAC intend to strictly protect the security of your personal information and carefully protect your data from loss, misuse, unauthorised access or disclosure, alteration or destruction. We have taken appropriate steps to safeguard and secure information held by us.

15. CONFLICT OF INTEREST

Occasions can arise where BCP, or one of its clients, will have some form of interest in business which is being transacted for the Bond. If this happens, or if BCP becomes aware that its interests or those of one of its other clients conflict with your interests, you will be informed and asked for your written consent before any transaction is carried out. A copy of the Custodian's conflicts of interest policy can be obtained upon request.

16. ASSIGNMENTS

Investor(s) may not transfer (either by assignment or by novation) or create any security over any or all its rights, interests and obligations in the Bond without the prior written consent of BCP.

17. VARIATION

BCP reserves the right to amend, vary or supplement these Terms & Conditions, during the Term of the Bond. This may be for one of the following reasons:

- (a) due to a change in legal, regulatory or taxation requirements to which BCP is subject, or a change in the manner in which same are applied;
- (b) to comply with an order of a court or other analogous authority;
- (c) to make the Terms & Conditions fairer to you or to correct a mistake (provided that such a correction would not adversely affect your rights);
- (d) to enable your Bond to be managed more effectively, or to provide you with additional options within your Bond. Where possible you will be notified of any changes at least 30 days in advance of changes taking effect.

18. ACCEPTANCE OF TERMS & CONDITIONS

By accepting these Terms & Conditions, you authorise BCP to disclose all relevant particulars of your Investment where BCP is required by law, regulation, court (or other arbitral) order, taxation authority or other supervisory or regulatory authority to do so.

19. DISCLAIMER

Reference within this document to particular assets or indices are included only to indicate the basis upon which the investment return is calculated, not to indicate any association between BCP or the Issuer and the relevant fund or the relevant index provider, nor does such reference indicate any endorsement of the investment by the relevant provider.

Neither SG Issuer nor Societe Generale has prepared this document and therefore accepts no responsibility for its contents, nor any liability for any losses in connection with the information contained herein. BCP has prepared this document and accepts responsibility for its contents.

20. TELEPHONE RECORDING

For the prevention of fraud, money laundering and the financing of terrorism and for security, training, compliance and monitoring purposes all telephone calls to and from BCP may be recorded.

21. COMMUNICATION

BCP will always write and speak to you in English.

22. FORCE MAJEURE

In the event of any failure, interruption or delay in the performance of its obligations resulting from the breakdown, failure or malfunction of any telecommunications or computer service, industrial disputes, failure of any third party to carry out its obligations, acts of governmental or supranational authorities, or any other event or circumstance whatsoever not reasonably within its control, BCP and/or the Custodian may be unable to fulfil its financial responsibilities in the market then your ability to realise your Investment may be restricted and BCP and/or the Custodian shall not be liable or have any responsibility of any kind for any loss or damage you incur or suffer as a result.

23. NO RESTRICTION ON INVESTMENT SERVICES

Nothing herein shall restrict BCP and/or the Custodian's right to provide investment services to others.

24. GOVERNING LAW

- 24.1 These Terms and Conditions and all non-contractual obligations arising out of or in connection with them shall be governed by Irish law and will become effective on acceptance by BCP of your signed Application Form.
- 24.2 The issue of the Note is governed by English law and your rights relating to that instrument may differ were it subject to Irish law.
- 24.3 If there is a conflict between these terms and conditions and the terms and conditions of the relevant Note then the Note's Terms and Conditions shall have supremacy.
