Warning: If you invest in this product, at maturity you could lose up to 5% (Growth Version) or 15% (Growth Plus Version) of the money you invest. **Warning:** If you encash before maturity, capital security will not apply to the portion of your investment being encashed. The encashment amount may be more or less than the capital secure amount and you may lose some or all of the money you invest. **Liquidity is only available in normal market and funding conditions.** **Warning:** The return on your investment in this product may be affected by changes in currency exchange rates. **Warning:** If BNP Paribas were to default, you will lose some or all of your investment and potential returns. **Warning:** Current Irish taxation legislation does not allow for a clear categorisation of the Growth Plus Version as being subject to Capital Gains Tax (CGT) and the Growth Version being subject to Income Tax; there is a risk an alternative taxation basis may apply.

IMPORTANT: All investment returns will be paid gross of tax. The Index applies a fixed dividend on an annual basis. This is likely to be higher than the actual dividends paid by the companies in the Index in the future and will act as a drag on the performance of the Index in this situation.
